THE HALIBURTON COUNTY ECHO

AND MINDEN RECORDER

Vol. 96 | No. 34 | "The voice of the Highlands" | Wednesday, April 12, 1978 | 14 pages | 20 cents

The presentation of the Ontario Minor Hockey Association Trophy awarded annually to the Juvenile Double "D" finalist was made Sunday in Minden. Here Minden captain Dave Brown receives the award from Pat Burns, Juvenile convenor as Ed Grimshaw district convenor look on. Minden had a tremendous year as they went against Lucan in the finals only to be downed in four straight games.

Home for area retarded stalled by objections

For the second time in two years, the efforts of the Haliburton County and District Association for the Mentally Retarded to secure a group home in Haliburton have been frustrated, the committee disclosed this week. And unless the situation can be changed in the near future, a number of Haliburton's retarded citizens may have to leave the area, the committee says.

Work toward establishing a group home for the mentally retarded has been going on since July of 1975, when a report was prepared by the local Association outlining the need for such a home, and detailing the services it would provide. A site for the home was offered last year, but the required zoning change brought a number of protests from area residents in the immediate vicinity of the home, and the Association decided not to fight the objections through an Ontario Municipal Board Hearing. Instead, the Association went in search of another site, and found one in the area of the Lakeview Centre. The lot appears as Lot 12, in Block two of the municipal plan.

The proposed group home for the site was to have been built by a local contructor, who would retain ownership of the residence. The home would be leased by the Association for five years, with that lease renewable as long as government funding for the retarded was available.

Plans called for the home to be a private residence type of dwelling, housing as many as six retarded adults, all of whom would be from the Haliburton area, and half of whom are presently housed in larger government institutions, the Association says. The home would have a budget of at least $65,000 per year, and would employ three full time and three part time workers. The residents of the home would be under 24 hour supervision.

The brief prepared by the Association notes that the home would provide an environment in which the retarded could be helped to realize their full potential. Individual programs would be set up for the residents, catering to their specific needs, the brief says. 80 per cent of the funding for the home would come from the government, with the other 20 per cent being paid by the residents themselves.

A zoning change was needed for the lot to allow the group home to be built. When the municipality advertised the proposed change, and called for objections from residents within 400 feet of the lot in question, 19 objections to the zoning change were received. The objections must now go before an Ontario Municipal Board hearing if the zoning change is to be approved.

Objections to the proposed zoning change centre on three points, according to Darrell Stamp, planning director of the municipality of Dysart. Area residents have expressed a concern for the safety of property and family, fears that the value of their property will go down if the group home is built, and opinions that the lot is too small for the proposed facility.

Don Popple, chairman of the Association said the site was chosen for a number of reasons. It is close to the Lakeview Centre, were a number of retarded adults currently work at the ARC Industries program. It is also close to the village, meaning that the residents would be close to the business centre. A third consideration is that the home is to be built and owned by a local contractor, who may wish to sell it in the future should the Association's need for the facility change. A fourth point is that the government will not provide funding to meet busing costs if retarded adults are housed beyond walking distance to the ARC Industries workshop.

Popple says the idea of a group home isnt "a pipe dream of the local Association". Rather, he says, it is the trend across the province, and is supported by the government.

A deadline of late June had been set by the Ministry of Social Services for the finalization of the group home site if funding was to be available, Popple said, but the Association was informed at a meeting Monday night that the deadline has been extended indefinately.

Kinsmen unveil revised plans

Minden to have Participark

Minden ratepayers last Thursday night gave the Minden Kinsmen Club the go-ahead to construct a Participark in the village. Following a presentation by club president Tom Prentice, the ratepayers, in a secret ballot, voted 37 to seven in favour of approving the Kinsmen Club's plans. The park is to be built on a large vacant lot bordering the Bobcaygeon Road between the existing municipal park and arena, and the residences on the north side of the Gull River.

The aspect of the Kinsmen plans which drew the most comment was the proposed dredging of the site, which is flooded in the spring, and remains damp in places throughout the summer. The club had originally proposed creating a ditch some five feet deep around the perimeter of the park to facilitate drainage of the area. A number of letters objecting to the proposal were received by Anson Hindon and Minden council. The letters prompted the Kinsmen to alter their original proposal, and to call last Thursday's public meeting to discuss the alterations and seek public approval for the project.

Club president Tom Prentice told the meeting that the Club intended to have a ditch dredged to a depth of only two feet, and a width of 40 feet. The ditch would allow the entire area to drain, making it possible to use it as a park. Once the initial draining had been accomplished, the ditch would be widened and seeded, forming a gentle depression around the perimeter of the park instead of an open ditch. He emphasized that the ditch would be excavated using instrument sitings to ensure a uniform grade and adequate drainage. Prentice said the depression could be tanked in the winter for use as a car ice racing track, and woould provide 7/10 of a mile of public skating throughout the winter months.

Anson Hindon and Minden Reeve, Reg Booth said the municipality currently has 84 acres of parkland surrounding the arena site, which was obtained at a total cost of $10,000, with half of that amount coming from government grants and the other half out of municipal coffers.

Booth said the municipality hired engineers to come up with a 20 year park plan at a cost of between $3,500 and $4,000. He said the proposed Kinsmen Participark was outside the municipal park boundaries, and a revision of the park plan would be necessary if its construction were approved by ratepayers.

The Reeve said council had been unhappy with the initial proposal of a five foot ditch, but that the two foot ditch the Kinsmen subsequently proposed met with council's approval.

Local real estate agent Norm Harrison Jr. told the meeting that property owners whose lots border on the proposed park need have no fear of the park reducing the value of their property. Harrison cited authorities in the Peterborough planning department, who said the park would probably have a favourable effect on property values, given the present state of the vacant land on which the park will be built.

A number of ratepayers at the meeting were concerned that the ditch would allow water to enter the property in the spring when the Gull River rises. They were concerned that the alterations proposed by the Kinsmen could result in flooded basements in the area.

Tom Prentice told the group the ditch would not adversely effect anyones property, since the area floods in the spring at present. He pointed out that the drainage ditch would allow the water to leave the site faster than it has in the past, thus cutting down in the chances of flood damage.

Prentice said a number of government agencies, including the Ministry of Natural Resources, Ministry of the Environment, and Parks Canada have input into the project. He said a basin will be constructed at a point just before the ditch exits into the Gull River to catch silt while the dredging operation takes place.

The Participark is a passive park, Prentice explained, with a jogging or walking trail and a number of exercise stations throughout the area.

Participarks have been built in several other communities in Canada, and are a

It was the right combination as Arlene Wruth of Lochlin holds the winning key to the Pirates Chest at Black's Hardware. Ken Langton of Black's Hardware was on hand and seems as happy as the winner. Miss Wruth won a chair.

Fire guts Harcourt home Saturday night

Fire gutted a wood frame and brick home in Harcourt Township late Saturday night, causing an estimated $30,000 damage.

The lot 15, concession 1 home of Sherwood Townsend was unoccupied when the fire was noticed by a neighbour Joe Burrows, at 11:10 p.m.

Members of the Monmouth fire department were called to the scene. Chief Floyd Tye said the fire was just breaking through the walls of the home when firemen arrived. Despite the efforts of firemen, who remained on the scene until 2 a.m., the home was a total loss. A shed containing a number of pigs and hens was kept from igniting by firemen, who sprayed water on the structure to cool it down.

Though the fire appeared to be out when firemen left the scene, they were called back again at 6 a.m. according to chief Tye, when the gutted home began to smolder. They remained on the scene until 8 a.m. No one was injured in the blaze.

The cause has not yet been determined.

Council wants to save station

Canadian National Railways wants to demolish the station at Haliburton, but Dysart council has other plans for the building.

At their Monday meeting, council discussed a letter from CN in which the company plans for the existing Haliburton station were outlined. The letter noted that the station is currently being used for a warehouse, and as an office for CN Express pickup and delivery. CN proposes demolishing the station, but continuing the Express service to Haliburton.

Reeve Murray Fearrey told council the move is being repeated in a number of other nearby towns, including Omemee and Lindsay.

The CN letter noted that a company representative was willing to meet with council to discuss the move if council wished.

Reeve Fearrey felt council should meet with someone from CN to discuss saving the station and aquiring the surrounding land from CN. Fearrey said the station could be renovated and turned into an information centre for the village. The information centre, which is currently located

Cont'd. page 2

Rail service out, may not be restored

Rail service into Haliburton has been out since Monday, and there is a strong possibility that Canadian National Railways will not restore the service, Dysart et al council learned Monday. The break in the service is the result of a washout in the track north of Kinmount, Reeve Murray Fearrey told council.

At present, CN has not indicated a commitment to restore the line, the reeve said.

Rail service into Haliburton has been of a carload nature only in recent years. Lumber and other goods by the carload are brought to the station as ordered by local companies, but there is no other rail service available.

In January, representatives of Canadian National met with Haliburton County council. At that time CN said no major changes in service would be made in the Haliburton area without prior notification and discussion between the company and council. CN indicated in January that they would be agreeable to meet with the county economic development committee to discuss possibilities of increased future business.

At their Monday meeting, Dysart council passed a resolution calling on Victoria Haliburton MP Bill Scott to bring pressure to bear on the Minister of Transport and CN to ensure that the service is restored.

Reeve Fearrey said council is willing to meet with CN to discuss the matter, and will ask the MP to arrange a meeting with the company.

Delivery driver arrested after Haliburton theft

A delivery service driver was arrested in Peterborough late Monday afternoon following a report of a theft at Haliburton Marine.

Minden OPP say $710 in large bills was reported missing from Haliburton marine at about 2 pm, Monday. A bank deposit bag which had contained the money as still on the premises, but had apparently been rifled. A few small bills remained in the bag when the theft was discovered.

Following an unsuccessful search for the suspect in the Haliburton area, Minden OPP contacted the delivery service's security office, and Peterborough OPP.

Arrested by an officer of the Peterborough OPP was the delivery service driver Rodney C. Johnson, 24, of Talwood Drive in Peterborough. $703 was recovered.

Johnson was charged with theft over $200, and with possession of stolen property over $200.

He will appear in court June 13.

It may look like a victory dance, but it was really the acrobatics of a save as Minden goalie Terry Crowe makes another save to help his team down Langton 5-4 in Sunday's game at the Minden arena.

Minden bantams even Ontario finals

The Minden bantams evened their best of seven all Ontario finals at two each on the strength of a 11-1 drubbing and a narrow 5-4 victory in games played at the Minden community center last weekend.

On Saturday evening, trailing the series 2-0, the Minden club jumped in to an early 1-0 lead and went on to drub the langton team 11-1. Minden played good heads up hockey as they passed the puck and completely dominated the game.

Two hattricks highlighted the scoring for Minden, off the sticks of Harold Porter and Ron Yake. Scott Arbuthnot had two, and single markers went to Kevin Shapiera, Ivan Ingram and Dave Lennie. The Langton goalie played well despite the score but seemed to break up after the fourth goal went in.

Sunday's game was a different game for Minden as they took a come from behind lead at the end of two periods 3-2 and managed to hang on to a narrow 5-4 victory. Minden appeared to be over confident after downing Langton 11-1 the previous evening and combined with some good goaltending by the Langton goalie Minden found themselves in a game until the final buzzer.

Minden appeared to let down half way through the middle period as they quit skating and hitting, allowing the Langton team numerous opportunities on the Minden goalie. With just seconds remaining Langton removed

Snowdon council okays swimming lessons

Snowdon Township council agreed to support a proposal brought to council's March meeting by Mrs. S. Fecht asking for the right to conduct swimming lessons at Irondale this summer. Council voted to grant $150 toward the cost of the lessons, on condition that the lessons be made available to all children in the Township.

In other business, a road voucher in the amount of $2,357.30 was approved for payment.

A quotation from Canam Oil Services for the supply and application of 23,000 imperial gallons of non asphaltic road oil at a price of 32.2 cents per gallon was approved by council, subject to the approval of the Ministry of Transportation and Communications.

A. C. Smith was advised that the Monk Road will be brushed out when weather conditions and the workload permit.

Applications to occupy water lot frontage were considered by council. Three applications were approved on condition that the Township incur no liability for the facility. Approved were the applications of R. Stewart, Part Lot 2, concession 13; T. Moffat, Part Lot 4, concession 14; and R. Levesque, Part Lot 3, concession 14.

Council decided to advertise for a student to be hired during the coming summer under the 1978 Involvement in Municipal Administration program.

General accounts of $2,336 and welfare accounts of $766.50 were approved for payment.

It was decided that the Reeve, Deputy Reeve, councillor R. Burk, the building inspector and the clerk would attend a meeting in Toronto March 21 to meet with some of the objectors to the comprehensive zoning by-law.

The Reeve was also asked to arrange a meeting with the Gelert Community Centre Hall Board to discuss the proposed renovations to and extension of the Municipal office.

Aimed at small businesses

Consulting service available

Low cost management consulting services for small business is being made available this year thorugh the Small Business Assistance Program (SBAP) of the Ontario Ministry of Industry and Tourism.

The Minister of Industry and Tourism, John Rhodes, said the program will involve 120 university business administration students supplying counselling services to small businesses from May through August.

Counselling by the graduate students covers such areas as cash management and financial planning, bookkeeping systems, production scheduling and cost control, marketing and marketing research, distribution and promotion.

"The SBA Program offers business counselling at a low cost in areas essential for the success of small businesses," said Rhodes.

Last year, 838 consulting assignments were completed for 764 companies. Although the typical company that received assistance was small, the combined contribution to Ontario's economy is significant.

Business administration faculties of 12 Ontario educational institutions - Carleton University, Lakehead University, Laurentian University of Sudbury, McMaster University, University of Ottawa, Queen's University, Ryerson Polytechnical Institute, University of Toronto, University of Western Ontario, University of Windsor, Wilfrid Laurier University and York University - will be participating in the program.

Students' work is closely supervised by university faculty and is supported by services available from Ontario Ministry of Industry and Tourism specialists in technology, marketing and service industries.

As it is not intended this service compete with private consulting firms, businesses eligible for the service must not be in a position to engage professional consultants.

Cost of the service is borne by the ministry, although a nominal fee is charged to the businesses using it.

Companies wishing to learn more about the program should contact Ontario Ministry of Industry and Tourism offices in Ottawa, Thunder Bay, Sudbury, Kingston, St. Catharines, Kitchener, London, Toronto (Willowdale) and Windsor.

If more convenient, firms may contact the faculty of business administration at the university closest to them. The faculty member responsible for the program will be able to provide additional information.

OPP report

The Minden Detachment of the Ontario Provincial Police report the follopwing activity for the period of April 3 to 9, 1978.

During this period the staff investigated one reportable and one non-reportable collision, as well as 39 general occurrences. There were break-ins reported, one person charged with a liquor violation and one person charged with impaired driving.

Home for retarded stalled

from page 1

"We've been dragging along and dragging along" Popple said. "A lot of people are losing heart".

However, at the Monday meeting the Association decided it would not let the idea of a group home die without a fight. Members of the Association, some of whom are themselves the parents of retarded adults, said they intend to approach each property owner within the area affected by the proposed zoning change to attempt to set up a dialogue between the Association and the objectors.

"In hindsight" Popple said Monday, "there wasn't enough contact with the people", but he noted the Association has no idea there would be so much animosity to the idea of a group home.

The Association also decided Monday that it would take the matter to an OMB hearing if necessary.

Car parts stolen from Boice Motors

Car parts worth $632 were stolen from Boice Motors of Haliburton sometime late Friday night or early Saturday morning, Minden OPP report.

The thief or thieves concentrated efforts on new and used vehicles in the lot. Stolen were two sets of mirrors, a pair of fog lamps, and two batteries.

The incident remains under investigation by P/C Bibby.

Station

from page 1

in the caboose at Rotary beach, could be moved to the station site. Fearrey also suggested the possibility that an engine and one or two cars could be moved to the site, creating a permanent display.

Council also expressed the view that the land surrounding the station might be used for more parking for the downtown area.

Council will request that the CN send a representative to their May meeting to discuss the fate of the station.

Correction

A typeographical error appeared in the Kinsmen News column on page seven of last week's Echo. The first sentence of the column stated the "Junk" homeshow is now booked solid. The sentence should have read the "June" Homewshow, etc. The Echo regrets the error, and any confusion it may have caused.

Participark in Minden

from page 1

joint project of local Kinsmen Clubs, the Sun Life Assurance Company, and the government fitness agency participaction.

The park would be for day use only, and would not be supervised.

The approval which came from ratepayers at the end of the meeting means the Kinsmen will approach Parks Canada for final approval of the project. Work is expected to begin in the near future, with summer completion as a target.

Total cost of the project is expected to be $40,000 to $50,000. Government works programs are expected to help meet some of those costs.

River drives brought logs to local mills

Jim Robertson has seen a lot of changes in the nearly 82 years he's lived in Haliburton County. He remembers how the woods used to be full of deer, and how the lakes once teemed with fish. When Jim Robertson was a boy Haliburton Village was little more than a street of wooden buildings, and in his memory he can still see oxen plodding down its dusty length.

But though he was born in 1896, Mr. Robertson is still too young to remember the days when the great log drives each spring would see logs cut in the Highlands driven to mills as far south as lake Ontario. Those were the days, in 1860's 70's and 80's, when the great stands of pine hadn't all been cut, and when driving the huge logs down to the mills could sometimes take two seasons.

By the beginning of this century, the log drives didn't go as far, because there were local mills to process them, but there are still Haliburton men, Jim Robertson among them, who remember the drives that took place every spring to bring the logs to local mills.

Logs were piled high beside lakes and rivers to await the spring breakup and the beginning of the river drives.

Going to the woods was natural for mr. Robertson, as it was for most Haliburton men several decades ago. Ed Robertson, his father, worked for Alexander Niven on surveys in the early 1890's, and when mr. Robertson was a small boy, his father was a foreman for a man named martin, who specialized in cedar logging for telegraph poles. Eventually, Ed Robertson became a contract logger, cutting and drawing logs for so many dollars per thousand.

In 1910, at the age of 13, Jim Robertson got his first job in the logging camps, as a chore boy. He helped the cook, cleaned up, swept, stoked fires, and did a dozen other things around the camp to earn his pay. "I didn't get very much money" Mr. Robertson recalls. "Only a lot of hard work".

In his first season he earned $8 a month, plus room and board. Though that seems like very little, Mr. Robertson says there were men working in the woods for $16 a month and the most anyone got was a dollar a day.

The work started in September, and it was continuous. "I may have gotten home a time or two before Christmas" Mr. Robertson says, but nearly everyone stayed in the camps for weeks at a time. After Christmas it was back to the camps to begin drawing the logs, and the worked lasted through to mid march.

At 15, Mr. Robertson worked on the first of several log drives he would help with. It was 1912, "the year the Titanic sank". "It was two or three weeks before we knew about it", Mr. Robertson recalls.

The pine logging companies had spent a great deal of money and much time creating a network of dams and spillways to hold back the spring runoff, and to get the logs down difficult drops in river beds. "They'd last for a long while" mr. Robertson says, and the remains of many of those dams and spillways can still be seen scattered through the Highlands. When Mr. Robertson began working on the drives, the dams already existed, so it was simple enough for a team of experiences river men to get the logs to their destination, usually not more than a few miles away.

The first drive Mr. Robertson worked on was on Holland Lake, down Holland creek into Drag Lake, then down the Drag River to one of three mills in Haliburton.

Holland Lake had a special meaning for Mr. Robertson, because it was named after his grandfather, James Holland. "He was a trapper, and he came from Trenton by canoe in the early 1850's. He had a camp on the lake", and he lived there for eight years before the County was surveyed, at a time when there were far more Indians than whitemen in Haliburton.

There were a number of marshes around Holland Lake, and throughout the winter, logs would be dumped on the marshes as well as the lake. Then, when the spring breakup came, usually in early May, the logs would be worked down the marshes and lake into the creek for the journey to Haliburton.

The logs on the lake were usually held together in a boom, and getting a boom from one end of the lake to the other could be exhausting work, Mr. Robertson recalls. A raft with a heavy anchor and a long length of rope was used to get the booms down the length of a lake in the early days. The anchor would be dropped as far away from the boom as possible, and the raft would be poled or paddled back to the boom. Then, by coiling the rope around a capstam and straining muscles on the capstam's spokes, the boom could be "warped" the length of the rope before the process was repeated. "A fair wind was the main thing, when they hadn't any power" Mr. Robertson recalls. Later, when steam was more widely used, "alligators", small boats with big steam engines and powerful winches, replaced the back breaking capstan method of moving booms across expanses of flat water.

On the smaller marshes, men would get on a big log and using special poles, push as many as 100 logs ahead of them to move them into the creek, Mr. Robertson recalls.

"When the weather was fit and there was a fair wind, we'd work, 12 or 14 hours a day" Mr. Robertson says. "But sometimes if there was a headwind you couldn't work at all. You'd have to lay up".

Though working on a drive could be dangerous, Mr. Riobertson says it was physically less demanding than the work in the woods. And the pay was a little better too. He got $35 a month on the drives, and worked on them for five seasons.

"It was a different type of work on the drive. It wasn't the same everyday".

When the logs were on there way down the stream, some men woould be given the job of watching the sides of the creek or river, to "tail off" any logs that got hung up on the river banks. Others would work at the dams, keeping the logs moving. "When the logs came to the dam there was a boom on each side for the men to stand on to keep the logs longways to run through the spillway." It could be dangerous work.

"A man drowned on the drive one spring when I was working" Mr. Robertson says. "He was an elderly man" working at a dam, "and he went to jab a log. He fell in head first, went down the spillway, and the eddy held him against a sidejam." Others shut off the flow of water through the dam, and his body was found beneath the logs.

When the logs were running on the rapids, there were always experienced men watching how they moved. "If a jam began, they would signal the men on the dam to shut off the flow of logs until the jam was pushed off."

Breaking a jam was delicate work. You had to find the key log and get it moving to break the rest of the jam. Sometimes the logs would become so hopelessly tangled that dynamite had to be used to free them.

"I've helped to pick off a jam" Mr. Robertson says. "It was a dangerous job because the logs were rolling and tumbling and you were apt to get caught."

"I could get around the logs pretty good, because there were always logs in the lake here, and as a boy, we'd go out and run around on them. But I still fell in just the same, sometimes".

The men who worked on the river drives wore boots that were "caulked" for grip. Small spikes stuck out a quarter or a half an inch from the sole of the boots, and they made clambering around on slippery logs and rocks easier, Mr. Robertson recalls. "All the river men wore them".

As the drive moved down the rivers, the camp moved along with it. And the cook moved with the drivers. "You could always get a good meal around a river drivers camp" Mr. Robertson says.

The foremen on the drives had a reputation for being demanding, and in the lore of logging there are stories of foremen who would work men half to death. "They were pretty tough men" Mr. Robertson recalls. "Some of them were real slave drivers, but not all". As the drives got shorter, the pressures lessened, and the work became a little less demanding.

The average drive down the Holland Creek would see 40,000 logs moved down to Haliburton and beyond. "One drive I worked on in Holland Creek there were 68,000 pieces," Mr. Robertson says. The last drive to come out of the creek was in 1926.

Mr. Robertson went to the woods for the last time in 1921. By then, he says, he was tired of logging, and turned to other things. But like other Haliburton men, he still enjoys recalling the work and the life of those days.

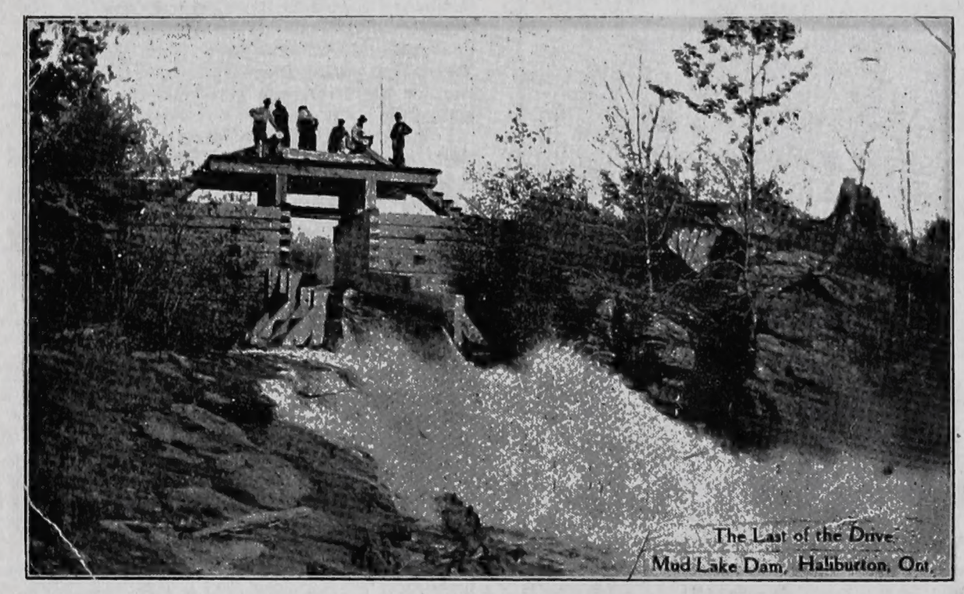
The money they made for going to the woods and toiling those long hours wasn't bad for the time, but it still bought far less than wages would today, something Mr. Robertson thinks many people may not realize.

"Beef was five cents a pund then, and pork a little cheaper. Butter was ten cents a pound and eggs a dime a dozen. A nickel would buy a loaf of bread or half a pound of sugar." And everything was sold in bulk them, Mr. Robertson says. There were no prepackaged goods.

If a man made a dollar a day, that was less than ten cents an hour. He had to work an hour for a pound of butter, or half an hour for a loaf of bread. Today, Mr. Robertson points out, ten minutes work or less buys a loaf of bread for most people, and twenty minutes work buys a pound of good beef.

"Nobody had any surplus money in those days" Mr. Robertson says. But at least one thing was better than it is today. "There was always plenty of work".

This is the "alligator" Minden, Bill Hounsell steering, shown on Gull Lake in the 1930's.



'Protection' is theme of Wildlife Week

The Ministry of natural Resources will distribute more than 30,000 wildlife educational kits to Ontario public and secondary schools during national Wildlife Week, April 10 through 16.

The theme of this year's program is "Wildlife Protection."

The educational package includes two wildlife protection puzzles for students to put together, an information booklet containing feature articles on wildlife habitat protection, endangered species and the work of conservation officers.

Material was compiled by federal and provincial wildlife agencies and was produced by the Canadian Wildlife Federation.

"The Ministry is pleased to support the Canadian Wildlife Federation in focussing attention on National Wildlife Week," Natural Resources Minister Frank Miller said recently.

"I hope that the material we are sending out to Ontario students will help develop a real appreciation of both wildlife and the need to preserve wildlife habitat for future generations."

National Wildlife Week serves to commemorate Jack Miner who established the internationally known bird sanctuary at Kingsville, Ontario, southeast of Windsor. Following his death in 1944, the Jack Miner Migratory Bird Foundation, Inc., founded in 1931 to administer the Kingsville sanctuary, continues to operate under family direction.

Jack Miner (1865-1944) was Ohio-born but came to Kingsville with his family when he was 13. As a young man, he launched the first Ontario game protection association, gradually established a haven for ducks and geese until it became widely known, and was a pioneer in the banding of birds to establish their migration patterns.

In 1947, by unanimous vote of the Canadian parliament, National Wildlife Week was established by the National Wildlife Act to dedicate a special week to reming Canadians of the infinite value of wildlife. Significantly, the week always contains April 10, Jack Miner's birthdate.

Make sure your child is immunized against disease.

This is what Ontario is doing to help you.

Over 25% of our children have not been immunized by the time they enter school. That's not only surprising, it's dangerous — because there has been an increase of diphtheria, whooping cough and measles in recent months.

The Ontario Ministry of Health provides vaccines to immunize children against diphtheria, polio, whooping cough, tetanus, measles, mumps and rubella (German measles). Your Ontario Health Insurance Plan (OHIP) pays a fee to the doctor for administering them.

Immunization can save lives and is quick and easy.

It's up to you — to make sure that your children are protected. Take them to your family physician now, or have them immunized by your local health unit.

A free pamphlet with a chart showing which diseases your child should be immunized against, and at what ages, is available now.

Write today for your copy of the pamphlet "Immunization is Your Responsibility" to:

End ignorance

Mental retardation has never been easy to deal with, either for the parents of the retarded child, or for the community which must face the reality of its retarded citizens. There was a time when prejudice and ignorance surrounded the mentally retarded. Society has come a long way since the days when retarded people were chained like animals in dark prisons. But ignorance and prejudice die hard.

One can argue endlessly about the desirability of allowing the mentally retarded to take a place in society, or of keeping them out of site of "sensitive" citizens, but no one should loose site of the real pawns in any argument, the retarded themselves.

Though many retarded adults can function reasonably well in society, they are seldom capable of making decisions about their own future. That responsibility must rest with us, who have the good fortune to have been born with minds capable of continuous growth and development.

In this community there is a small group of people, some of whom are themselves the parents of retarded children, who have accepted that responsibility. They are the members of the Haliburton County Association for the Mentally Retarded.

For more than two years, they have been working to get a group home built to house the retarded adults in this community who, for one reason or another, can no longer live at home, and who could benefit from the nurturing atmosphere a group home could provide.

But the sad fact is that they have been frustrated twice in their attempts to get the community's approval or such a home. It is time the community took a hard look at the reasons that approval has not come.

It may be that there are still people in this community, and in society at large, who fear the mentally retarded.

If so, we should feel sad about their ignorance, and work to enlighten them. Mentally retarded people are not mentally disturbed people. They are rarely dangerous to themselves or to others, and if they are, they are confined to institutions whjere they can be properly cared for. Many mentally retarded people function well in society, though in a limited capacity. They are usually happy people, eager to contribute what they can, to learn what they can, and to achieve whatever their limited intellectual capacity will allow. And we, as responsible adults, must do all we can to ensure that they are given that opportunity.

Yet, for whatever reason, there are some people in this community who will not accept that responsibility, or who do not wish it to be accepted by others around them. They have vetoed, through formal objections to a zoning change, the construction of a group home for Haliburton's mentally retarded citizens.

It may well be that the local Association for the mentally retarded erred in thinking that the objections to their proposal would be few. Perhaps, in their enthusiasm and concern, the Association members gave people more credit for tolerance and understanding than they should have.

We can only hope that, whatever misunderstandings about the construction of a group home there may be, they are not so deeply rooted in ignorance and prejudice that they cannot be altered by reasoned communication.

As long as the objections exist on paper, they must be taken to an Ontario Municipal Board hearing, a process that could take six months. In the meantime the mentally handicapped citizens of this community must wait, some in intolerable situations, until the argument is resolved.

Some of them can ill afford to miss a chance to be helped right now.

Participark

The Kinsmen Club of Minden last Thursday night got the go-ahead from local citizens to build a Participark in the village. It is a step than can only be good for the life and health of the community.

When the Kinsmen first proposed construction of the park, the idea met with strong opposition. It wasn't the park itself that had local residents upset, but the fact that the Kinsmen had proposed dredging the area where it is to be built.

Wisely, the Kinsmen took their plans back to the drawing board, and last Thursday night they presented a plan that met with the approval of local citizens.

In effect, the steps by which the approval was won are a model of how to go about ensuring that a good idea gets the recognition it deserves. Because an aspect of the plan did not suit council, or the people it represents, the Kinsmen changed the plan. Because they wanted the whole community behind the project, they called a public meeting to present the facts and clear the air of rumours and suspicions.

The Kinsmen Club of Minden deserve the recognition and thanks of the community for the way in which their Participark proposal was handled.

CNA BLUE RIBBON AWARD 1977

"Serving the Highlands for 95 years"

The Haliburton County Echo is an independent newspaper serving Haliburton and Victoria Counties for 95 years. Established in 1882 as The Minden Echo and Haliburton Recorder and amalgamated with The Minden Recorder in 1977. The Haliburton County Echo is published by Algonquin Graphics Limited at Haliburton, Ontario, Box 360, K0M 1S0, Phone 457-1037.

Advertising is accepted on the condition that, in the event of a typographical error, the portion of the advertising space occupied by the erroneous item, together with a reasonable allowance for signature, will not be charged for, but the balance of the advertisement will be paid at the applicable rate.

In the event of a typographical error advertising goods or services at the wrong price, goods or services may not be sold. Advertising is merely an offer to sell and may be withdrawn at any time. The Publisher reserves the right to restrict all ads as to their classifications and to edit or reject any copy.

Bill Smiley

Last fall, when it rained for 40 days and 40 nights and then began to snow for about a similar spell, I received a couple of pretty stern letters from readers.

One was from an elderly gentleman, the other from a clergyman. Both excoriated me, in their different ways, for being blasphemous. Cause of their concern was a pair of columns in which I suggested to the Almighty that we'd had enough precipitation, and He could stop dumping it on us any time.

The E. G. wrote a cross letter to his editor and sent me a copy. The preacher wrote me a long, personal letter, telling me I shouldn't be so "chummy" with God. He offered to pray for me, and sent along a modern version of the Bible, containing such words as "booby-traps", which rather alarmed me, accustomed as I am to the austere and dignified King James Version.

Well, I wrote some pretty bitter columns about the Canadian winter. But after six straight weeks of glorious, clear, sunny weather, I'm beginning to wonder who is right, me or my critics.

Maybe the Lord does read my column, probably on one of His frequent lunch breaks. I didn't pray to Him for some decent weather. I told him rather snappily, that we were fed up with what He was dishing up. He didn't strike me down with a thunderbolt, although I noticed my arthritis became pretty keen there for a few weeks.

Maybe the Lord mused, something like this: "By Jove, maybe Bill Smiley is right. Maybe I did forget to turn off the taps there for a few months. It wouldn't be the first time. I remember a few years back that business of Noah and his family. I clean forgot about them until it was nearly too late."

"I get so darn sick of people praying for better health, better crops, more money, happiness, and their own worthless hides when they're in a jam that I sometimes turn off My hearing aid. I'm supposed to see the little sparrow fall, so maybe I should pay attention when a smalltown columnist goes out of his way to remind me that there is a lot more than sparrows falling, and a lot too much of it."

"I'll let him sweat it out for another couple of weeks, just show him that you don't challenge My will with impunity. Then I'll turn on the sun for a solid six weeks, making the scoffers realize that the day of miracles is not past. Six weeks of sunshine in a Canadian winter! That beats walking on water any day."

"Just for the Heaven of it, I'll dump some snow and wind and ice and rain on those fat cats who go south every winter, and let those Canadians who stayed home, not exactly my chosen people, but at least my frozen people, write nasty letters south, telling their relatives of the blue skies, radiant sun, and crystal air back home."

"Smiley's going to have to pay for it, of course. He might as well find out, once and for all, that you don't get chummy or cocky with Me. That's a special sphere reserved for preachers and politicians."

"Let's see. No use increasing his arthritic pain or his backache. That only drives him to blasphemy, and We don't want to encourage that, I c ould wreck his golf shot. But that wouldn't work either. It's already so lousy he'd never even notice it."

"No, it has to be something more subtle. Maybe I could put a bug in his wife's ear, and have her drag him out of bed at seven every morning and share the agonies of that half-hour of exercise she does with that dame on the TV. That would ruffle him more than somewhat."

"But it's not enough. It

Cont'd. page 5

Editor's Notebook by Len Pizzey

There's nothing quite like reading the letters to the editor in a newspaper if you're looking for an insight into human nature. Though the letters are usually reasoned and serious, they can sometimes set you laughing.

Anyone who, like me, has developed the comfortable habit of reaing the Sunday Star, will have noticed that they've taken a little different approach to the Letters to the Editor page in the Sunday edition than they take in the papers the other six days of the week. The approach is both refreshing and, often, highly entertaining.

Have Your Say, the page is called, and the people certainly do. One that was particularly intriguing appeared a few weeks ago. I can't remember its wording exactly, but it went something like this: "Dear Susan: I'm sorry for what I did. I hope you can forgive me. I miss you a lot and want you back. Jim."

Who could help but be intrigued? What did Jim do? Will Susan read the letter? Will she be mad or glad for the public airing of their differences? Will she take him back? I've been watching eagerly to see if Susan or Jim has anything else to say, but so far, they haven't. I can't help hoping that Susan did take Jim back. He may be a bit insensitive, but I admire his style.

And how about the national anthem? It is sung, sort of, at any number of public functions, though mercifully its been removed from the movie theatres. But how many of us really belt it out when we get the chance? At least one Canadian thinks we ought to. A girl from Willowdale thinks singing Oh Canada can do a lot for ational Unity, and she gives us all a bit of advice. "Set an example" she says. "Sing out as loud as you can, look proud to be singing it, and nudge the people around you if they're not singing like you. You never know, it might work". True, but it might get you a nudge right back, and harder than the one you gave first. Still, if I'm ever nudged by a sixteen year old girl at a gathering for keeping my voice down (I can't carry a tune in a wheelbarrow) during Oh Canada, at least I will have been warned.

The best letter of all in last week's Sunday Star though, came from a senior citizen, (so he tells us) who has a lovely three room apartment in Kitchener and wants to share it with someone. There's nothing remarkable in that, except that he doesn't want to share it with just anyone. Companionship is fine, as long as the companion is a widow "between 39 and 55 and around five feet four inches tall, weighing from 128 to 135 pounds who is broadminded and enjoys dancing, shows, travel, outdoor life, sports and music."

"There must be a sociable lady out there somewhere" he says. No doubt there are many sociable ladies out there. But he certainly is a choosy sort. I can't help wondering if he'll get answer. You'd think that after living long enough to become a senior citizen, he'd have learned to see more than the outside of people. But still, there's no harm in trying for the ideal I guess. I hope he lets us know if he has any luck. He could be on to something good with that letter to the editor way of searching for a friend.

I'll keep watching to see if he tries again.

Feir Play

by Creighton Feir

The weather up to this time has been anything but ideal, plenty of rain very little sunshine and its enough to depress anyone. What we need is a little sunshine and something to light up our life. Some people wonder if we are going to see spring or if the sun is ever going to shine. Business locally hasn't been all that good and during the past month most people seem to be in the doldrums. Well you know its always nice to have something to look forward to well we hope that the sun will shine this coming Friday when the Toronto Blue Jays return to Toronto to open the season in their own ball park. Simpsons ran a large ad in the Toronto Star the other night in which they said welcome home "Blue Jays". They went on to say another season of great baseball is with us. Many of your fans have been waiting patiently for months to hear that heart-stopping knee-wobbling, brain-reeling call - "Play Ball", once more. We wish you luck - in keeping a healthy team, in winning a few games. But most of all, we look forward to the exciting entertainment that good baseball brings. Welcome home, you "Blue Jays". And now we are in the midst of the thrilling N.H.L. playoffs. Whether you are a sport fan or night it's nice to look forward in anticipation to the thrills of these two great sports and to get our minds off the everyday depressing problems that we all have to face.

We were talking with Gary McKnight at Haliburton marine the other day and Gary had just returned from taking a hockey team from Haliburton to Amherst, New York to a minor hockey tournament played there over the week-end. He was telling me that Amherst is really a hotbed for hockey and he was especially excited over the great hospitality shown to the team and management on their visit. Two things really stood out and that was that the refereeing was top notch and he was really surprised at the excellent goal tending of each team in the tourney. The fans turned out in large numbers for the game and they reall get excited.

This week we received a post card from our friend Bella Bernstein of Haliburton who is vacationing in California. She says hello to one and all and hopes that this finds everyone in the best of health. She went on to say that California is a great place and the weather is ranging from 75 to 80. She is thinking of everyone in Haliburton and sends her best regards to one and all.

The war brides of Haliburton County are planning a reunion dinner to be held on June 3rd of this year to mark the 32nd Anniversary of their arrival in Canada. Information may be obtained from Mrs. Betty Inglis at Haliburton at 457-2791 or 457-2657.

Even though the weather here recently has been rotten spring can't be too far off. Mrs. Roger Vienot of Haliburton informed us that she noticed a robin recently on her way back from Peterborough. Helen Burk of Lochlin who is employed at the Haliburton Red & White also told us that she noticed four robins one morning on her way to work.

Mrs. Fred Dean of Haliburton was the lucky winner of the door prize in connection with the Pirate's Bonanza at Newbatt's Furniture and Appliances. She won a complete set of assorted towels.

Murray Sisson a born again Christian will be the guest speaker when the Brotherhood of Anglican Churchmen hold their montly communion and breakfast at St. George's Anglican Church in haliburton this coming Sunday morning, April 15th at 8 a.m. Murray who is employed by the Ontario Hydro at Minden should prove to be a very interesting speaker.

The traffic lights on the main street in haliburton have not been operating properly for the past several days. We understand that the company who installed the lights are coming back to put them back in working order.

A Vimy night banquet was held on Wednesday evening, April 5th at the Legion Hall in Lindsay. Sixteen veterans who fought in the first great war at Vimy were honoured on this occasion. Among the sixteen were three men from the Haliburton area. Wes Baker and Andy Curry from Haliburton and Stan Cooper from West Guilford.

The Minden area merchants and businessmen are to be congratulated on taking a step forward and have called a meeting for Tuesday, April 18th at 8 p.m. at the Minden Municipal Offices to re-activate the Minden Businessmen's Association. This is something that also has to be done in Haliburton. The merchants in both villages if they are to survive must ban themselves together because there is so much that has to be done. It's a simple case of together we stand divided we fall.

The Victoria-Haliburton Federal Liberal Association will be holding a Nomination meeting on Friday, April 21st, 1978 at the Academy Theatre in Lindsay. At this meeting a candidate will be selected to contest the next Federal election whenever it is called. For memberships you are asked to please call laurie Cooper at Lindsay at 324-4270 or Doug Fisher, Lindsay at 324-0711.

This Saturday night will seem like a homecoming for Ernie Warren when he returns to Haliburton to be the guest speaker at the Full Gospel Business Mens Fellowship, Hyland Chapter which will be held at Deer Lodge starting at 7:00 p.m. He is the president of Full Gospel Business Men's Fellowship at Peterborough. Ernie has been a hard worker for the Lord who visits many people each week in hospitals and is always on hand to help people with their problems. I can remember when I was a patient at the Civic Hospital in Peterborough Ernie visited me on two occasions and I found him to be a great help and inspiration to me.

We are sorry to report that Mervyn Robertson of haliburton is at present a patient at the Civic Hospital in Peterborough. We join with Mervyn's many friends in wishing him a speedy recovery and we hope that it won't be too much longer before he is back with us.

In closing our column this week may we remind you that thre are few, if any, jobs in which ability alone is sufficient. Needed also are loyalty, sincerity, enthusiasm, and cooperation.

Pic of the Past

Left to right in back row: Leslie Hagan with snowball in his hand. Cecil Kellet the small boy. Perry Valentine with a hat on. Norm Dawkins barely seen, Fred Lewis in open view in a light sweater, Ernest Schrader barely seen, Victor Hagan a small boy in front of Ernest Schrader. Mrs. Abbot the teacher, Archie Schrader in front of the teacher, Bessie Hoyle beside the teacher with bows in her hair. Bertha Schrader barely seen, Jennie Hoyle in front of Bertha, then Hazel Geeza, Mamie Harrison (smiling) then standing on the end of the row Mary Hoyle.

Seated on the bench left to right: John Schrader, Erin Milburn's boy, Lillian Harrison, Bertha Lewis, Viola Hoyle and on the end of the bench Alma Valentine.

The best I can age this picture is about 1910 based on the fact my father Archie Schrader was born 25 December 1898 and would appear to be about 12 years of age.

Aside from the fact I am related to over 50% of the people in the picture there are a couple noteworthy items.

1) Bessie Hoyle is the late Mrs. Wm. J.F.Vick and their son Bob Vick my first cousin is the reeve of Snowdon Township and Warden of Haliburton County.

2) Leslie Hagan preserved this picture all these years, and a few years ago had it reproduced. (I got a copy from a cousin at that time.)

Leslie Hagan married Jennie Orr also a native of Haliburton County, and they resided on a farm (Lot 7 Con 8 Snowdon Twp) for a good many years before moving to Lindsay. During this time, Mrs. Hagan taught school for a few years at this same school and the writer was taught by Mrs. Hagan during 1942 when I attended school there.

Some people will best remember Leslie Hagan for his finesse with a violin. Les played at many functions throughout the county from farewell parties for second world war boys on their last leave before going overseas to street dances. I vaguely recall Les participating in a fiddlers contest on main street Haliburton which was being conducted from the platform of a truck during a lovely summer evening.

I believe this particular picture is too good not to be shared with their friends in the county and abroad. If there is any hesitancy on your part, our thanks to Grenville Schrader of Oakville for submitting this photo.

Report from Queen's Park

by MPP John Eakins

Replying to questions raised by Stuart Smith (who called the package of material sent by the Government to 90,000 people to publicize the first ministers' conference "garbage and propaganda") the Treasurer held the English-language news media partly responsible for the $154,000 expense incurred. The Treasurer said the English media coverage of the conference was "far from complete", and the Government's purpose in mailing out the package was to "provide as many citizens as possible with an opportunity to comment on the Ontario proposal to the conference and the conclusion reached by the first ministers".

The Minister of Social Services has outlined a program to provide French-language counselling services to children in Eastern Ontario. This is part of a plan to serve all Franco-Ontarians in their own language, apparently. Outlined was a $685,000 plan to develop services for Franco-Ontarian children, including a counselling program for Prescott and Russell counties near Ottawa. This $285,000 program would make it unnecessary for youngsters in the area to leave their homes and move to Ottawa in order to get French-language services. A further $400,000 is to be spent on French-language programs for children living in Eastern and Northeastern Ontario. These proposals are to be anounced in August. Paul Blundy, M.P.P. (Sarnia) expressed concern about the availability of French-language services for adults, especially the elderly, and noted that the Ministry announcement is only about services for children.

Increased OHIP fees continue to be the subject of much debate at Queen's Park. Last week, Sean Conway (L. Renfrew North) asked whether the Government was contemplating changing the arrangements under which it currently pays doctors 90% of the Ontario Medical Association fee schedule. The Health Minister replied "Certainly not for the balance of the year that is presently under agreement (between the Government and OMA) until May 1st.". The OMA is presently asking for a 36% increase in the fee schedule, which the Minister said the Government just couldn't accept. "At this point", he said, "I think we have to realize that perhaps where we may end up is with a separate OHIP schedule of benefits and a separate OMA fee schedule rather than the current relationship under the regulations where the OHIP benefit is 90% of the OMA fee schedule." Stuart Smith received no answer when he subsequently asked the Premier what the Government had in mind to make sure that most doctors don't opt out of the public health care system.

A committee of the Legislature is studying the matter of the OHIP premium increase, and the Liberal Leader has said he will put forward an alternative to the Ontario Government's proposal to raise health insurance premiums by 37.5% next month. He believes that most of the increase could be avoided by finding ways to cut health spending and by exploring other ways of raising money. Declaring that the Government's approach is "unjust, unfair and regressive", he said the Health Ministry has been used by the Treasurer as the "whipping boy" in his search for additional revenue.

The Treasurer may have left himself a way of backing down, with comments he made during the debate on a non-confidence motion introduced by the NDP. He said he is "reviewing ways to

Cont'd. page 14

Extended care rates rise

Daily rates for Extended Care Services in Charitable Homes for the Aged will increase by $2.00 from $23.00 to $25.00, effective April 1, 1978, Community and Social Services Minister Keith Norton announced recently. "The additional $2.00 per diem will cover anticipated cost increases in the 85 Charitable Homes with Extended Care Services throughout the province," Norton said.

The Charitable Institutions Act will cover the additional $2.00, increasing the government's portion from $14.70 to $16.70, while the resident's portion remains at $8.30. It is planned to increase the resident's portion by a like amount, with an effective date of May 1, 1978.

The new $25.00 per diem rate represents an 8.7 per cent increase over the present rate and means that it will have doubled since April 1, 1972 when it was $12.50 per day.

Additionally announced, was a $1.00 per day, or 6.7 per cent increase to $17.00 a day in the residential rate for Charitable Homes for senior citizens.

Smiley

from page 4

wouldn't be clear to him that I am an almighty, omnipotent, fierce and vengeful God. He'd probably think it was merely his wife being obnoxious. And he'd claim he couldn't do the exercises with his bad back and his bad neck and his bad shoulder and his bad knee."

"I could always rot the rest of his teeth, which are pretty well ready for the boneyard, anyway. At least he'd suffer the humiliation of going around drooling and gumming his food for a while. But with these blasted modern dentists, he'd soon be going around with a fistful of big, white, attractive molars, and thinking he could start smiling at women again."

"Nope, it's got to be something that would really get to him. I could easily have him fired from his job for vagrancy, bad shuffleboard, mopery, gawk and not preparing lesson plans. He's guilty of all and each of them. But it wouldn't do. He's so lazy I think he'd enjoy being fired. And he'd go straight on unemployment insurance."

"Got it! It will hit where it hurts. I'll turn his grandsons against him. I'll make them see that he's spoiling them rotten warping their characters, that he swears, drinks, smokes, gambles, and is altogether a most reprobate and unfit grandfather."

"But . . . would it take? They don't really care if he drinks, smokes, etc. They need him for running across the room and jumping on. They need him for kisses when they hurt themselves. They couldn't care less if he were Old Nick himself, as far as morals go."

"Ah, well. I guess i'll just have to let him go to hell in his own inimitable way. That's punishment enough for anyone."

Planning study grants awarded

Community planning study grants totalling $87.575 have been allocated to five Ontario municipalities, Housing Minister Claude Bennett has announced. Haliburton County will receive $58,425 for the preparation of an official plan. The plan is expected to be completed by the end of 1978.

The grants are designed to assist municipalities and planning boards in preparing official plans and zoning bylaws or in bringing these up to an acceptable level.

In your heart you know it's right.

Defence: Walk, jog, run, skate, ski, swim, paddle, pedal . . . don't let life catch you with your head down.

Jeep CJ.
It's got a tough reputation!

Jeep Country. From the Mountain Ranges of British Columbia to the rugged coast of Newfoundland...from Northern Canada to the Southern Great Lakes. Away from traffic jams and overcrowded campgrounds. Out where the road leaves off. That's Jeep Country. And whether it's off-road in the "wilds" or closer to home in more familiar terrain, you'll find the tough, dependable family of Jeep vehicles ready to take you there!

AMC
Jeep wrote the book on 4-wheel drive!
CONEYBEARE MOTORS
HALIBURTON 457-1621

JEEP PRODUCTION IN CANADA

The attached press release announces American Motors' decision to build JEEP CJ models at our Brampton Plant later this year.

All Canadian AMC passenger car requirements will then be handled by our plants in the United States.

This rearrangement of our North American production facilities is designed to substantially improve our AMC and JEEP production flexibility and operating efficiency for the coming years.

Our North American production rearrangements have also been developed to accommodate the anticipated continuing strong demand for CONCORDS, JEEPS, other AMC products, plus two brand new models to be introduced in 1979.

Due to the record demand for Jeep 4-wheel drive vehicles, American Motors (Canada) Limited will spend $4.8 million this summer converting the Brampton assembly plant from passenger car production to the assembly of Jeep CJ-5's and CJ-7's.

None of the equipment presently used at the Toledo, Ohio plant, the only North American facility now producing Jeep vehicles, will be shipped to the Brampton plant. Instead, a major portion of the investment will go to Canadian suppliers with local contractors performing 100% of the work.

"I am pleased with this turn of events" said William S. Pickett, President and General Manager of American Motors (Canada) Limited. "Demand for Jeep vehicles has been increasing steadily since American Motors acquired the company in 1970, and additional production is needed on all models.

"We anticipate that this demand will increase. In fact, we look for a significant growth rate annually for Jeep vehicle sales in North America."

Spring Courses

sir sandford fleming college

REGISTRATION For further Information or to Register, telephone Sir Sandford Fleming College in Haliburton weekdays from 9:00 a.m. to 5:00 p.m. at 457-1680. Or. You may fill out the application form printed below for your convenience, and mail it to Sir Sandford Fleming College P.O. Box 339, Haliburton, Ontario K0M 1S0

CHILDREN'S COURSE OUTLINE

Emphasis with this group would be on maximum participation and fun. Food will be prepared that would be of interest and also healthy.

Students will help choose ingredients for recipes used, and informal discussion will be encouraged on Natural Foods while preparing, homemade granola, peoties - a special peanut butter cookie, yogurt delight, omelettes. A trip to a farm to milk a cow and make butter could be arranged if okay with parents.

INSTRUCTOR: BELINDA BROWN
TIME: April 22 - June 10 9:00 - 11:00 A.M.
PLACE: Lakeview School, Haliburton.
FEE: $15.00

SUMMERTIME COOKING

Does summertime cooking (for camping, picnicking and entertaining) have to mean the old "hot-dog-Bar-B-Q" routine? Not for the inventive cook who is on the go and still enjoys the art of cooking. This one day workshop will feature an interesting one-dish meal, and several ideas for weekend-away menus. Included will be the preparation of good-for-guests cucumber soup, strawberry charlotte and salade nicoise. Time for the sun and good cooking too:

INSTRUCTOR: Goodith Heeney has attended the Cordon Blue School of Cookery in London, England and has given cooking courses in Peterborough.
TIME: Saturday, May 6, 1978 9:30 - 1:30
LOCATION: Archie Stouffer School - Minden
FEE: $8.00

FURNITURE REFINISHING

This course will cover wood identification, repairs, stripping, refinishing, bleaching, staining and finishing care. Student is asked to bring their own piece of furniture. A list of materials needed will be mailed on registration.

INSTRUCTOR: JIM BURNS
Mr. Burns operates a furniture refinishing shop in Bobcaygeon. He has been working at refinishing furniture for the past 15 years, specializing in Antiques.
TIME: April 19 - June 7
7:30 - 10:00 p.m.
LOCATION: Lakeview School - Haliburton
FEE: $35.00

NATURAL FOOD COOKING

This course will deal with a variety of aspects of natural foods including, required nutrients, what foods contain these nutrients, where to get these foods and how to prepare them. A variety of reference books will be used and made available to the group. Specific recipes and a recipe book may be compiled.

INSTRUCTOR: BELINDA BROWN
TIME: April 19 - June 7
7:30 - 9:30 p.m.
LOCATION: Archie Stouffer School
FEE: $25.00

SUMMER SEWING

Get your wardrobe in shape for the summer season. Using the machines at Haliburton High School this course will enable you to make at least 3 separates. (eg. T-shirts, skirts, shorts and slacks) Emphasis will be placed on attaining proper fit and on short cut sewing.

INSTRUCTOR: SHIRLEY RYDMAN
TIME: 7:30 - 9:30
DATE: April 24 - June 5
LOCATION: Haliburton High School
FEE: $25.00

TENNIS

This course will provide tennis instruction for both the beginner and the more advanced student. Students must provide their own racquets and balls.

INSTRUCTOR: FRANK WALLACE
TIME: Beginner - Saturdays, May 20 - June 24
10:00 - 12:00 a.m.
Intermediate - Tuesdays - May 16 - June 20
6:30 - 8:30 p.m.
LOCATION: Haliburton Tennis Courts
FEE: $15.00

Bernie Nicholls

Nicholls wins awards in Western Ontario 'B' league

Former Beaconbrook Midget star Bernie Nicholls who toiled this year for the Woodstock Navy Vets won three awards last weekend.

Bernie picked up the John Leask Memorial Trophy for the most sportsman like player, as well as the rookie of the year award and to top it off the leading scorer award for the Navy Vets.

Bernie finished the year as the third leading scorer in the Western Ontario Junior "B" loop. Bernie says, he hopes to be drafted by a junior "A" team in the June draft and his preference would be the Peterborough Petes or the Oshawa Generals.

Haliburton figure skaters are successful at test day

The Haliburton Figure Skating Club hosted the final test day for Senior Skaters on Sunday, April 9, 1978. Beautiful weather and good ice conditions encouraged the skaters to make it a most successful day.

A special Thank-You" to Roger Bain who had the ice surface in excellent condition - a most important factor, especially for the trying of "Figures". "Thank-You" also to Miss Kelly Beeney, the Pro from Minden, who not only coached the girls from Minden, but also instructed the Haliburton skaters in preparation for this day.

A total of 30 skaters participated in the Test Day, representing Bancroft, Minden and Haliburton Clubs, with a total of 48 tests being tried. Haliburton Club had a 100% pass. Over all passing for the entire three clubs was approximately 85%. Judges for the day were Tom Nesbitt from Whitby, M.J. Wood and Derek Blackburn from Oshawa. These men are truly dedicated to the art of Figure Skating as they do not receive any pay for their time and effort on Test Days, only fees for mileage and a free meal.

When the final results were posted, the following skaters from Minden and Haliburton were happy to know they had been successful in their endeavors. Preliminary Figure: Adele Wray, Minden. 1st Figure: Nancy Shipley, Haliburton. 2nd Figure: Jennifer Baker, Anne-Marie VanLieshout and Penny Bird from Haliburton. Those passing Dances were: Dutch Waltz: Warna Blakey, Minden. Canasta: Adele Wray and Warna Blakey from Minden, Shona Ross from Haliburton. Swing Dance: Kathy Shipley and Shona Ross from Haliburton.

Congratulations girls on your successful passing and may you have future good luck and good skating.

Atoms cont'd

from page 6

This game featured many exciting moments, one being Haliburton playing three men to five for 1 min. 36 sec. and not allowing the opposition a shot on net.

The management of the Haliburton Atoms would like to thank their sponsors The Lake Kashagawigamog Tourist Assoc., Haliburton Minor Hockey Assoc., Mike Vuksic, Deer Lodge, Blain Tunall and the Kinsmen Club for their support that made this trip possible. We would also like to say the hospitality the team received when away by the parents and executives of the opposing teams was superb.

Bowling

MAPLE LAKE MIXED

Audrey's Angels are in top place for the championships in the play-offs with 3560 pins. Dan's Dynamoes right behind with 3458 and the Strikers trailing with 3115.

In the Consolation series Fred's Foxes are first with 3527; then Ron's Rollers 3453 and Lynn's Loafers 3290.

Some fantastic games were bowled - Ronnie Robinson 797 (369, 275); Dan Harding 790 (307, 273); Ron Robinson 735 (259, 250); Audrey Fountain 719 (259, 245); Fred Cox 711 (277, 240); Wes Stata 669 (234, 224); Grace Downey 640 (250, 202); marnie Robinson 637 (235, 203); Ed Cox 629 (246, 204); Dorothy Robinson 606 (253, 203); Martha Harding 602 (211).

High single games: Garth Henderson 226; Shannon Patterson 225; Brenda Cook 221; Flo Henderson 214; marlene Cook 210, 202; Jean Henderson 208; Harry Fountain 202.

TUESDAY NIGHT COMBINES

Team standings:
1st week of play-offs.
Lil Gorveatt's team - 3166
Art Beatty's team - 3117
Jack Yateman's team

Jack Yateman's team - 3081
Eva Piper - 3073
Pearl Foster - 3068
Ada Gibbs - 2927

Along the Trails

by Roy Bates

It's that time of year again. Time to put the snowmobile away for another season. Time to reflect on the past winter . . . did we accomplish everything we set out to do . . . and time to plan new projects.

If I left the impression last week that the Haliburton County Snowmobile Association had experienced a period of slow growth last winter, let me now set the record straight. My remarks were in reference to the provincial picture where it appears that club membership growth was less spectacular than growth in the recreation. Actually the HCSA had a good winter. Overall membership was up by a full 50% with the commercial membership category doing even better at near 80 %.

Judging from the tone of recent directors meetings, the HCSA board members will not be stopping for that well-deserved rest this Spring. They are all fired up to examine the club's role in the community, to establish new objectives in line with changing trends, and to draw up a long-range plan to meet the club's needs several years down the road.

Why this sudden burst of energy? Could it be that the fellows on the board are hearing, "Thank you," loud and clear from more snowmobilers and more business operators than ever before? Hey! Your trails are great!" has fallen like music on their ears!

And Tourism Too

For some years I have been "harping" on the impact of the snowmobile on the tourist industry. For the past year I have served as chairman of the tourism committee in the Ontario Federation of Snowmobile Clubs and this has heightened my interest. Serving also as editor of all news emmanating from the O.F.S.C. and its member clubs, I have had occasion to pass along a number of excellent stories on snowmobiling adventures to two widely circulated Ontario publications, 'Holiday County' and 'Snowmobile Sports'. I found this item in the Snowmobile Industry and Sport Newsletter from the International Snowmobile Industry Association, Washington D.C. most gratifying.

Snowmobiler Newspapers:

"Anyone who doubts that snowmobile tourism is "for real" or that it is growing by leaps and bounds has obviously not been reading the provincial and state snowmobiler newspapers lately.

"Whether one's eye turns towards the ads or the articles and features, one fact seems certain: snowmobilers are on the move while having fun.

"Almost every newspaper is filled with ads by motels, restaurants and resorts catering to snowmobilers. The advertising in just one issue of Ontario's Holiday Country would be enough to paper a wall, - besides being so attractive as to make the most blase snowmobiler (if there is such a person) want to head immediately to one of these attractive spots.

"Articles and features tell a similar story: of a week long trip to Quebec, of Minnesotans vacationing in South Dakota, and vice versa. From Maine to British Columbia the story is much the same.

"So to the few who still can't understand what this "tourism thing" is all about or what is means to have fun in wintertime, we suggest: read the snowmobiler newspapers and magazines . . ."

To the tourist industry in Haliburton County: did you know that 19.8% of all Ontario residents snowmobile at least once per season? Did you know that the growth rate of snowmobilers has surpassed the growth rate of skiers in the metropolitan Toronto area? Did you know that snowmobilers and cross-country skiers have shot down the myth that they're not compatible? Are you doing everything you can to lure both to Haliburton County and to your place of business? If your answer is "no" to any of the above then you have some catching up to do! Don't wait for Winter. Do it now!

Off to Convention

A thousand or more of Ontario's snowmobilers will come together this weekend in Barrie for the annual convention of the Ontario Federation of Snowmobile Clubs. As First Vice President it will be a busy weekend for me. If Along the Trails is missing next week, I am sure you'll understand.

HHSES comes second in Badminton tourney

At the Kawartha Junior Badminton qualifying meet held in Cobourg, April 4, the team from Haliburton Highlands Secondary School placed second among the eight competing schools. The following players qualified for the Kawartha finals in Lindsay on April 10: Tim Davies, Jocelyn Kennedy, Chris Hodgson, Bruce Medcalf, Lisa Salvatori, Heather Kennedy, Steve Bishop and Linda Booth.

The Senior qualifying tournament was held in Lindsay on April 6. Angela Bishop and Eva Lolle won the right to advance to the Senior finals April 12.

President blasts O.M.H.A. over team classifications

Minden minor hockey president Ross Warburton today blasted the Ontario Minor Hockey Association and suggested that the association may have a different set of rules for teams from southern Ontario.

Warburton's remarks came at the conclusion of the all Ontario final series in which Minden was eliminated in four straight games by a team from Lucan, Ontario.

Because Haliburton does not have a juvenile team, several players joined the Minden club who at the time were classed as "D" division for play off purposes. After learning that the Minden club had some Haliburton players on their roster the O.M.H.A. convenor Ed Grimshaw saw fit to move Minden up to a higher classification of double "D" with the assurances that every center that drew players from another community would also be moved up. Minden was satisfied with the explanation at the time but later learned this was not the case.

Early in January Haliburton Minor hockey blasted the O.M.H.A. for the very same reason and went as far as to demand the resignation of Grimshaw in a letter to the president of the O.M.H.A.

In the first round of playoffs Minden ran into Newcastle who were using players from Orono and were moved down in classification. Lucan played with four boys from a village of Ilderton which is a class "C" town and still continued to play in double "D".

When officals questioned the association after the first game of the series, no satisfactory answer could be given as to why Lucan was not moved up. Warburton went on to state that he hopes people will not think the Minden group are poor losers because they have asked for an answer from the O.M.H.A. on a question that he feels definately warrants an answer.

Warburton went on to state he would like to thank the fans who supported the team and that Minden is proud of these boys.

COUNTY ECHO SPORTS

Slapshot

by Bill Davis

At this time of year every hockey game sees one team or another fall by the wayside, and last Sunday in Minden was no exception, as the Minden Juveniles saw their all Ontario hopes go for naught as they were felled by the Lucan Irish in four straight games.

As I watched the last game, and hopes dimmed, my heart went out to the boys from the county town. I have had the opportunity to travel with this team through out the play-offs and know that each and every one of the players had visions of an all Ontario championship. This was the team that in the early part of the season were doomed by everyone, as going nowhere. Fellows, you made believers out of a lot of people when you ousted Newcastle. Then it was on to Coldwater and yet another series win. Next it was that tough series with Havelock that saw you victorious in seven games and on to the Provincial finals. At this point we had to believe. Then the first two games in Lucan, a disaster from a Minden standpoint as Lucan took the opening games.

Last weekend in Minden, close but yet so far away as Lucan proved that they were superior and the hopes went out the window. Lucan became provincial champs despite a gutty attempt by Minden to force the series yet further in an effort to make your dream come true. But this was not to be as you were beaten by a good hockey club. Minden had nothing to be ashamed of as they gave all they could.

To the Minden juveniles, "the county is proud of you" as you represented the community of Minden and Haliburton county well. After all how many other teams have advanced to the provincial finals in the last two years?

After the game, in conversation with the Lucan people they remarked that the Minden fans were the most beautiful people in the world and most expressed their desire to return to the county in the summer. While in Lucan the Minden fans were treated to some fine hospitality as the minute you entered the town there were the signs "welcome Minden". The juveniles made it to the finals a honour indeed, but not only showed keen competition but displayed sportsmanship in fine fashion which in itself is a fine honour.

To the coach manager and all players congratulations from this writer and the rest of the county no doubt.

After Sunday's game I was talking with Ed Grimshaw and was informed that the O.M.H.A. was involved in a study as to the feasability of increasing the age of juvenile players by one year to allow many players one more year in the minor hockey system.

Minden Juveniles were Ontario finalists in Juvenile double "D" back row from L. Gary Harrison, Dean Potter, Kevin Newell, Terry Obrien, Tim Bain, Bob Wells (Mgr) and Terry Harrison.

Center Jeff Carpenter (trainer) Jim Hoque, Bill Musclow, Rocky McElwain, Al Clement, Bill Hogg, Ross Warburton (coach).

Front: Tim Davies, Steve Davies, Mike Bird, Kelly Young, Dave Brown, Jerry Campbell.

Minden loses fourth straight, Lucan takes provincial crown

The Minden juveniles went down to defeat in their all Ontario finals in four straight games. After dropping the opening two games in Lucan last weekend it was hoped they would get back on track this past weekend in Minden. However, this was not to be as the Lucan Irish downed them 7-3 on Saturday and by the tune of 7-2 on Sunday despite the fact that Sunday's game was one of Minden's better performances.

On Saturday night Minden came out flying at the start of game and as a result took an early 1-0 lead as Brian Shaw scored on a screen play after three minutes of play. A double penalty to Lucan gave Minden a chance to widen the margin but some outstanding goaltending by Lucan's Kevin Wood thwarted any Minden attack. It was only a matter of time when Lucan got the equalizer and the go ahead goal and from that point they never trailed as they moved the puck out of their own end quickly to avoid allowing Minden to get back in the game.

Lucan had built up a 5-1 lead late in the second period when Tim Davies narrowed the margin to 5-2 after two periods of play.

In the third period Minden got on the scoresheet early when Bill Musclow narrowed the lead to 5-3 and Minden sensed a comeback attempt and put the pressure on in the Lucan end but the luck of the Irish was with Lucan as Wood in the Lucan goal made some excellent saves and as a result Minden dropped a 7-3 decision to Lucan and a stranglehold on the series.

On Sunday Minden gave it all they had but it was not quite enough as Lucan won the Archie Blandford Memorial trophy, emblamatic of Juvenile double "D" supremacy.

Once again Minden scored first but the bigger and hard hitting Lucan club wore the Minden club down and went on to walk away with the game 7-2. Minden got exceptional goaltending from kelly Young who replaced regular netminder Mike Bird in the final game. Dave Brown and Tim Davies were the goal scorers in Sundays game.

There were a total of 13 penalties called in the game with Minden picking up six.

Floor hockey team wins consolation

A team made up of Haliburton Highlands Senior Elementary School boys represented Haliburton at the International Floor Hockey Tournament held march 30 to April 2 in Battle Creek, Michigan.

The team left from Peterborough Wednesday night, travelling all night by bus with the two Peterborough teams and arrived at Battle Creek Thursday morning at 9:30. Here the boys met their billets who displayed their excellent hospitality as they showed the boys the sights of Battle Creek including the Kellogg's Co. breakfast cereal factory for which Battle Creek is well known.

Friday at 6:00 p.m. the team took to the floor in their first contest against Battle Creek's number one team. Unaccustomed to the small floor size and strange surroundings the boys went down to defeat by the score of 5 to 1. Charles Teljeur provided the only goal for Haliburton. Steven Dodd playing net had an outstanding game stopping 49 of the 54 shots.

Haliburton's second game of the tournament was Saturday morning against a team from Minneapolis. Playing on a larger floor area the boys were able to play their style of game. Charles Teljeur with two, Harold Rowbotham and Andrew Bishop with singles led the Haliburton squad to a 4 to 2 victory. This victory advanced Haliburton to the consolation championship.

At 5:00 p.m. on Saturday, Haliburton met, in the consolation championship game, a team from Buchanan, Michigan. In a fast and exciting game Haliburton took the lead and never looked back. Charles Teljeur with two, Scott Mitchell, Barry Boice and Terry Hobden with singles provided the scoring power as Haliburton was victorious with a 5 to 2 score.

Not only did the boys bring honour to themselves and Haliburton by winning the Consolation Championship but they were also selected by the tournament organizers as the team showing the greatest degree of sportsmanship from among the eight boys' teams entered.

As coaches, Mr. Baker and Mr. Scott would like to thank the parents who helped with the transportation to and from Peterborough and to those parents who were able to journey to Battle Creek and give their support at the games. N. B. We also would like to add our own congratulations to the boys on their well deserved winning of both trophies. In displaying their kcombination of athletic ability and gentlemanly conduct they showed they real meaning of of teamwork and sportsmanship.

A great deal of thanks also goes to the people who supported the boys financially in the skate-a-thon. The money from the skate-a-thon made the whole trip possible.

Curling

by Tom Stinson

May we remind you that the Annual Curling Dinner, Dance, prize presentations and elections, will be held at Pinestone Inn on Saturday, April 29. Dinner, sharp at 7 pm - social hour 6-7. Tickets are available to members until April 20, and after that date to friends and well-wishers. Tickets available from Mary Pearsall at Curry Motors, or from Phyl. Woodcock, at 457-2824. Price will be $10.00 each - $20.00 per couple.

last Friday our senior rink visited Fenelon for their Invitational Seniors wind-up. Fenelon has a senior membership of over 40 - playing two mornings per week. Minden has about the same number playing Monday afternoons. Peterborough has now a good group - so plans were talked about next season organizing some visits between the groups.

Believe me when I say its good curling - would you believe we got a prize for "No wins - High points" - count on Seniors for innovations. Already we are planning to gather together Haliburton Seniors for next year. Would not it be great to see Ron. Curry, Merv. Robertson, Harry Good, Frank Andison, Marshall Leighton, Bruce Henry - and no doubt many more back onto the ice to form a fine nucleus of a Senior Group.

Bobcaygeon has just completed a fine new Curling rink - another good addition to our county facilities - an improvement over curling on arena ice.

Ladies' Softball soon

Anyone wishing to play Ladies softball for the Haliburton team is requested to do so before April 30.

Registration will be open at the ball diamond on April 17 and 24 at 7 pm sharp.

Cost of registration is $10.00.

Minden hydro team wins Toronto tourney

The Minden Ontario Hydro Team took top honors in the "Trillium tournament in Toronto over the weekend. On top of this honor John Barkwell won the award for the most outstanding player in the tourney.

Twenty-four teams assembled in Toronto on Saturday to competete in this tourney, made up of industrial league players. Minden dumped Penatang in the first game 12-0, and then beat Owen Sound 7-4 to advance to the semi final.

In semi final action Minden beat Whitby 5-0 and beat the Workmans compensation team 8-3 to win the championship.

Atoms play in N.Y. tourney

On March 31, the Haliburton Atoms travelled to North Tonawanda New York to compete in their 4th annual Tournament.

After travelling for five hours the team met Amhurst at 7:30 pm. This game was very exciting with good end to end hockey. Haliburton scored first at the 3:27 mark of the second period with Chris Laporte notching his first goal of three in the tournament; assists going to Tran Larue and Greg Newell.

Amhurst tied the game at the 4:06 mark of the second period, Fowler scoring with Armatage picking up the assist. Amhurst took the lead in the third period at the 5:01 mark and scored again at 5:43. Haliburton had some good chances but could not beat Sullivan in the Amhurst net.

The game ended 3-1 favour of Amhurst.

Saturday morning at 9:30 a.m. Haliburton played an almost perfect game. They won over Tonawanda 2-0 allowing them just five shots on net. Chris aporte put Haliburton on the scoreboard at the 7:45 mark of the first period with assists going to Vince Duchane and Paul Kuno. Laporte scored again in the third period at 7:31 assisted by Greg Newell. There was no more scoring and Haliburton skated off with a 2-0 victory.

On Sunday morning at 7:30 Haliburton met Mount Bridges and played perhaps the best game of their young careers. The defence, bolstered by the addition of Greg Newell for this tournament and back checking by all the forwards, allowed Mount Bridges just two shots on the Haliburton net.

There was no scoring in the first period but at the 8:09 mark of the second Newell scored from Duchene and McNaull. The period ended with Haliburton leading 1-0.

Vince Duchene scored the insurance goal at 4:12 of the third period on a fine end to end rush.

Cont'd. page 6

Even series

from page 1

their goalie and pressed Minden but good defensive play by the defense was all they needed and they salvaged a 5-4 victory.

Harold Porter and Ron Yake once again led the way for the Minden with two goals each. Ivan Ingram scored the single marker.

Next game of the series goes this Saturday evening in Minden and the sixth game back in langton on Sunday afternoon.

COUNTY ECHO FAMILY

News from Extendicare

by Dr. O.W. Anderson

Monday afternoon we were treated to movies; three all told. 1. Fantastic fishing in Chile, showing some Americans who board a luxury liner to engage in fishing for rainbow trout in Chile's lakes in size ranging from five to fifteen pounds. Then they secured air transport to Paraguay for further fishing of (the name evades us) a species larger than the rainbow ranging from 10 to 50 lbs. They put up a good fight. Next they crossed the continent again for some Pacific fishing for the marlin sword fish, which are plenty difficult to land. This film alone showed the catching of some 1000 pounds of fish meat, all edible, though we wonder if any is wasted. 2. This showed the various problems of running a beef ranch in the foothills of the Canadian Rockies. To see those magnificent herds makes our mouths water. 3. Showed in a short outline the antics and habits of the little birds around us. It is so amazing how close the photographer can get to these little creatures.

Wednesday afternoon, Mrs. Barbara Fryer, our activity director with the help of several volunteer workers, Mrs. Dorothy Davidson, Mrs. Lila Austin, Mrs. Karen Henderson, Mrs. Eileen Morrison and Mrs. Judy Mann, and quite a number of our lady residents, proceeded to decorate plant pots in varying sizes. Using cotton print fabric glued on to a pot, 14 pots altogether were so dressed up. They really looked quite cute, better after they are varnished and still better dressed up with an appropriate plant. It was a profitable exercise for everyone.

Plants and flowers is our motto at least until summer is past. We should have our patio boxes as well decked out as we had last year, but there is a possibility that the flower bed will have to suffer some neglect owing to our inability to raise the enthusiasm needed. Some that ordinarily could contribute are allergic to one or more types of plants, which dampens interest in plants or flowers, and seems to spill over to others. At the same time they enjoy a good display of bloom as much as the others do. Already we have geraniums both seed and cutting, lots of zinnias and dahlias, ladys slipper, petunias, and pansies, all of which should be ready to go outside by June 1, which sighting from now will seem to be considerable time.

The economy seems to be giving many well informed people quite some corcern. There are a lot of problems, inflation, the diminished dollar, the terrible unemployment and the unity. One interesting item we heard lately on the news is the inability of farmers, or food producers generally to get enough help. The psychology of an unemployed person to refuse a job on the land is a mystery. It could be the minimum wage scale. We have heard much about the disparity in wages, as for instance the difference between the minimum wage and the $20 to $50 dollar an hour union rates. This latter has tended to split our society in two, upper and lower. Very few of the lower can now afford to hire a tradesman. The tradesman will prefer to be unemployed, and can afford to be, rather than accept employment at less

accept employment

Legion news

The regular monthly meeting of Br. 129 was held in the hall on Thursday April 6, with president Mel Robertson presiding. The sports chairman reported that Branch placed first and third in the Zone Shuffleboard tournament and is therefore eligible to play in the District tournament to be held at Br. 99 Belleville, April 15.

Building Committee Chairman Comrade Cliff Dawson gave a report on the progress of the addition to our premises. A goodly number of tenders were received and a choice has been made. It is expected that work will begin as soon as the weather permits and completition should be in late summer. Hopefully this will be in time for the 50th Anniversary celebrations August 27.

On Wednesday April 5, three WW1 members of this branch, together with the president, journeyed to Br. 67 Lindsay, to attend the annual Vimy Dinner. A most enjoyable evening was had by everyone, there being well over one hundred men present. Our federal representative, Bill Scott was in attendance, also John Eakins our MPP. The WW1 veterans, some 30 in number were introduced and seven of them had fought in the Battle of Vimy Ridge, three of whom were from Haliburton, Comrades Wes Baker, Stan Cooper and Andy Curry.

Bill Scott spoke very briefly, but he said it all when he told the gathering that our boys went over as colonials and came back Canadians.

Harold Bannon reported on the progress of the Fiddling and Step Dance Contest to be held July 14-15. The Car Draw chairman, Comrade Jack McDonagh told the members that the tickets are available and each and every member is expected to sell tickets. If every member would sell a few tickets a lot would soon be sold.

Cont'd. page 14

After the conclusion of the business session the meeting was turned over to Comrade Cliff Dawson, and with Comrade Ray Jenkins assisting, nominations were received for a slate of officers to be elected at the regular meeting May 4, 1978. The nominations will be continued prior to the election so get out comrades, nominate those whom you feel would do a good job for the branch, and vote. Remember if you don't get out to decide who is going to serve in the coming year, please do not let us hear any complaints from you. This is a duty as well as a privilige so exercise it.

At an initiation ceremony held at the beginning of the evening Private Nancy Bannon of CFB Borden, became an Ordinary Member and Mrs. Darlene Madill of Gooderham was received as an Associate member. Plans are going forward for the erection of a County Cairn at Minden to comemorate the dead of both World Wars. There will be more on this from time to time.

May we offer our congratulations to the Ladies Auxiliary Team (B) who won the Zone Cribbage Tournament at Omemee on April 1. This means that Haliburton LA will host the Cribbage (Zone) in 1979. Congratulations, Jean, Julie, Ethel and Gwen.

Couple are wed

St. Thomas Anglican Church, Kirkfield, was decorated with gold and orange gladioli on Saturday, September 10th, 1977, for the 3 p.m. wedding of Brenda Lynn Hoadley, daughter of mrs. Trudy Dearness, of Bobcaygeon, and Alden Hoadley, of Hamilton; and David Howard Munro, son of Mrs. Marilynn Munro, of Head Lake. Rev. R. Downey officiated at the ceremony, and the organist was Edward Eyres. The soloist, Paul Daggett, accompanied himself on the guitar and sang "Time in a Bottle", and "I Love You In A Song".

Given in marriage by her father, the bride wore a gown of white chiffon over peau-de-soie with self train, hand embroidered with lace applique and encursted with seed pearls. She wore a chapel length veil with matching embroiderie of lace and pearls, and she carried a colonial bouquet of white roses and stephonatis with tubrous begonia flowerets and baby's breath. A matching floral halo adorned her hair.

The maid of honor was Lorraine Hoadley, sister of the bride. The bridesmaids were Paula Munro, Diane Smith and Diane McCormick. They wore gowns of melon beige and ginger rust delustred jersey with brown

Gems of Truth

1 Corinthius Chapter 15
(cont.'d from lst week)

One of the effects of the "Resurrection" will be the "kingdom" aspect of it as lightly touched upon in verse 24. "Then cometh the end, when He shall have delivered up the kingdom to God". 24a. This event is not unfolded in this chapter but only a glimspe given of it here and we have to go to other Scripture passages for its details. However, it is an established fact that the "kingdom" as referred to here in Chapter 15 is the direct outcome of the resurrection, it will affect all truly-born Christians. The note of victory is sounded forth strongly in Revelation 11:15 where we read, "The kingdoms of this world are become the "kingdoms" of our Lord, and His Christ, and He shall reign forever and forever".

One of history's most fascinating scene is the shifting tides of dominion, as the sway of rule has passed from hand to hand, or has been wrested from a weakling power. The early kings all sought to establish a continuity of reign, called dynasties, very well knowing that they were but flesh, and the days of their sovereignty numbered, but they wanted that sovereignty passed on to the direct descendants of the family line. This is so in British rule and is also true of Israel's King David.

A great genius like Alexander may amalgamate races and countries into a temporary domain, but scarcely has he passed on before his kingdom is divided into four kingdoms, scarred by wars and factions. This is the old pattern of empire domain, a new order displaces the former and in turn fades from the scene. It was only a few short years ago that Britannia ruled the waves, now her world empire has succumbed to the cry of independence. In its place we have the Russian Bear and the American Eagle growling and screaming at each other over the desired honor of successor to the title of "chief power of the planet".

No matter who gets the glory, it will be only temporary and will only entail travail and heartache, and the reward of supremacy will mean stupendous taxes to pay to support the huge task force of armies and navies, airfleet, etc. to gain that supremacy. The struggle for world domain will all come to an end when "all" kings and rulers will "willingly" or "unwillingly" cast their crowns and scepters at the feet of Jesus and crown Him as King of kings and Lord of lords. In that day and that day only will strife of nations cease and conflict be over when the kingdoms of this earth have become the Kingdom of our God and His Christ! Rev. 11.15.

This is a promise given to mankind by God and His Word cannot fail. In His own time all His purposes are brought to pass, and His prophecies fulfilled. Isaiah announced the coming of a

Parents invited to HHSES open house next week

A special invitation is being extended to all parents to visit students in their classrooms at Haliburton Highlands Senior Elementary School on Wednesday and Thursday, 19 and 20 April, between 9:30 a.m. and 3:00 p.m., principal Doug Devolin said Monday.

The open invitation is part of Education Week which is being held across the province.

Devolin said the open house would give parents an opportunity to see the daily operation of the school. Parents will be free to sit in on regular classroom activities throughout the two days.

Chatting with Irene

Spring is supposed to be here but it sure doesn't feel like it some days. Even when the sun is shining, the wind is cool; do you suppose the weather got mixed up as well as us?

Lorne Snell left for Dryden this week where will be working this summer for the Dept. of Lands & Forest. (Sorry but I get mixed up with these new names.)

Last week our two teams went to Langton & Lucan; and the drivers and passengers in the Porter car wish to thank their navigator down to the Langton game. I hear they came home by a different route and ended up on a point at lake Ontario, but once they got turned around they found their way home, O.K.

Mr. & Mrs. Roly Boileau of Niagara Falls visited with the Arnold Cowens over the weekend.

Winners at the Mini Card Party last week were: Cribbage - Joe Dollo & Flo Dollo; Bridge - Doris Craig; Euchre - Alice Clark & Marjorie Coulter.

Mr. and Mrs. Alan Coneybeare, Chris, Corey & Craig spent two weeks in Cancun, Mexico, and visited with Milo & Beatrix Baquerro. Milo was a former exchange student and his sister Beatrix spent several months with the Coneybeares in Minden last year.

The Tim Carrolls of Thunder Bay have been visiting with the Harry Austans.

Don't forget that the Ambulance Service is still looking for part time helpers, so if you wish to be of service, call or go to see Dave Magee at the office here in Minden.

Mr. and Mrs. Glen Sears and family, also Miss Sandra Sears all of West Hill visited with Mr. and Mrs. Milton Sears over the weekend.

It is a small world after all. I was in Bracebridge last Friday and when in Canadian Tire was talking to the cashier about minor hockey up there; when I told her that we had two teams travelling to southern Ontario, she asked where they had been. When I told her the places she knew where Lucan was for she had grown up two roads over from where my cousin grew up and still lives. Of course Oil Springs is below Lucan quite a way, but we all grew up on the Donnelly Legend.

Mr. and Mrs. Phil Robinson attended the 50th Wedding Anniversary of Mr. and Mrs. Wm Purkiss in Beaverton recently.

Mr. and Mrs. Bill Obee and Mr. and Mrs. Don Hall have just returned from a great week's holiday in Cancun, Mexico. Boy they have lovely tans.

The One Parent Association will be holding their organization meeting at the Parish Hall in Minden on Tuesday April 18th, starting at 7:30 p.m.

Mrs. Anne Dawson and Mrs. Cora Hewitt have just returned home after a week in Ottawa.

Mrs. Wilfred Mason, Mrs. Ern Hewitt and Mr. and Mrs. Bert Harrison attended the 50th Wedding Anniversary of Mr. and Mrs. Wm. Purkiss in Beaverton recently.

Mr. and Mrs. Harold Coulter spent the weekend in Whitney with the George Johnsons.

Well the hockey year is over for the Juveniles, but they went out playing good hockey. We can be proud of them, for sick or not they really played, and lost to a bigger and more experienced team. Hats off to the Juveniles who went down fighting. The Bantams certainly surprised the Langton team when they won the game Saturday by a score of 11-1. It was a bit harder Sunday, but by winning again they brought the next game back to Minden this coming Saturday.

Some time ago a Poem "the Goaltender" was printed in one of the papers. I came across my copy the other day, and when talking to Mrs. Neil Burk who wrote it, she told me that she had sent it to a contest in USA and had received word that the poem had made honourable mention in the contest. How many of you remember the poem?

Today I feel as if I wanted to go back to bed for a week, so my column won't be as long as usual, but will do better next week!

Adios and take care now.

Norland Notebook

by Barbara Maunder

There will be Kindergarten registration for all children born in 1973, on Wednesday morning April 26 at Norland Public School. Please phone 454-3401 for an appointment to avoid an unnecessary wait. When registering you will need proof of age of child, child's record of immunization of needles for polio, diphtheria, tetanus, whooping cough, mumps, red and german measles and tuberculin test. Also parents' O.H.I.P. number, lot and concession number, doctor's name and the name and telephone number of someone who could be contacted in the event of an emergency and parent can not be reached.

The annual meeting of the Norland Women's Institute was held in the W.I. hall on Monday, April 3. The following officers were elected for 1978-79. President Mrs. Pat Watson, 1st vice-president Mrs. Betty Davey, 2nd vice-president Mrs. Anna Verkerk, secretary-treasurer Mrs Jean Stewart, district director Mrs. Leona Fountain, alternate Mrs. Barbara Maunder, branch directors Mrs. Grace Graham and Mrs. Marjorie Lee. Auditors Mrs. Betty Davey and Mrs. Dorothy Brown, Trustees Mrs. Hazel Gostlin and Mrs. Jean Stewart.

Bride-to-be Darlene Graham was the honored guest at a miscellaneous shower in the Norland Community hall on Tuesday evening, April 4. Hostesses Heather Davey and Dianne Davey welcomed about 50 ladies and had made arrangement for a surprise cake for the bride's mother, Grace who was celebrating her birthday that same day. Darlene is the daughter of Elwood and Grace Graham and she will become the bride of Wayne Bradamore on Saturday, April 22 in St. Andrew's Presbyterian Church, Lindsay. Wayne is the son of Revill and Loraine Bradamore of Coboconk. Very best wishes to the happy couple.

Since early in January for the first three Mondays of the month, the township volunterr firemen have been meeting in the fire hall for a fire fighting course taught by John Maunder. Fire chief Jim Boyce and fireman John Maunder attended a week's course in fighting fires sponsored by the provincial fire marshal last September in Lindsay. With the help of Vern LeCraw who has typed and reproduced the notes used in the study, John has been endeavoring to pass on to the firemen some of the knowledge of the fire fighting course. Special guest at the meeting on Monday April 3 was acting deputy-chief, Earl Huras of the Etobicoke Fire Department. Earl, who is a part time resident of the Norland area, told the men of some of his experiences as a city fireman and answered questions. Norland is the host for the Mutual Aid meeting on Tuesday, April 25.

On Saturday, April 29, all are invited to a tea, craft and bake sale sponsored by the Guides and Brownies from 2:00 to 4:00 pm in the Norland Community Hall. Do come out and support the girls' efforts.

Norland Bowling team play-offs standings as of April 5. Total number of pins are used in the play-offs. Team of K. Watson 3139; L. Jewell 2986; D. Boyce 2954; J. Boyce 2874; J. Maunder 2873; and E. Forsythe 2757. Ladies high single and triple - Nellie Chynoweth 274, 678. High average Rotha Bryant 189. Men's high single and triple - Bill Lee 272, 671. High average Doug Boyce 189. Bowling club banquet and dance will be in Kinmount Legion Hall on Saturday, May 6. If you are interested in attending and not on bowling team, please contact Rotha Bryant by April 22. Dance and banquet tickets are $6.50 per person, dance only $2.50 per person.

Richard Magee was the lucky man who won the hockey pool of the Norland volunteer firemen on Saturday, April 1. That was no April Fool's joke.

John Easson and Bernie Greer attended the Community Centres Board meeting on Thursday, April 6 and presented the board with a list of equipment required for ward park. After considering their suggestions, a motion was passed that the board recommended that the council consider spending approximately $1,400.00 toward equipment for ward park to facilitate the playing of baseball in the park. A motion was also passed that the Ladies Auxiliary of the Firemen be exempt from paying rental charges for the use of the Community Hall.

Bay of Quinte conference United Church Women's 16th annual meeting was held on April 4 and 5 in Chalmers United Church, Kingston. About 245 women registered for the conference and the theme of it was "Living Love". Guest speaker on Tuesday evening was Dr.

Maple Lake News

by Ada Gibbs

Mr. and Mrs. Charles Roberts and other friends are holidaying in California and Las Vegas, Nevada for three weeks. While the parents are absent Miss Sandy Roberts has Miss Susan Redner visiting with her and helping to keep house.

I have been asked to express congratulations to all members of the High School Stage Band who journeyed to Midland Collegiate, Scarborough last Saturday, Apr. 1st to take part in a festival of bands. Each band had to play three pieces, and by all reports haliburton High School Syage Band played excudingly well, and received an excellent report from the adjudicators. Good for you, Haliburton!

A number of Grade 12 and 13 students of the History Class of H.H.S.S. left on Thursday morning on a visit to Ottawa and Quebec City to learn more about some of the historical sites in that part of Canada. Montreal will also be visited briefly. Some of our Maple Lake students are with the tour.

Mr. and Mrs. Cyril Finch are pleased to learn that their grandson, Kenneth, of markham, has won a Judo award. Congratulations, Kenneth!

Oscar Sisson, who has spent a few days this week in Ross memorial Hospital having treatment, was able to return home on Friday.

We learn that Allan Sisson seems to be feeling considerably better this past week. He is still in hospital in Lindsay.

The April meeting of the Anglican Church Women of St. Peter's Church will be held at the home of Miss Ada Gibbs Wednesday, April 12, 1:30 p.m. Everyone welcome.

The Thursday night Vestry meeting held in the church basement, was fairly well attended by church members, and a definite decision was made regarding a Rectory in Minden.

The Clarence Redners are still busily engaged making maple syrup. It isn't the best kind of season - but their syrup is certainly delicious.

I believe we may expect to have Mrs. W. Johnson home for the summer months very soon now. She must know the robins are here.

The ladies of Maple Lake United Church served afternoon tea, and visited at Hyland Crest Home this week on Thursday afternoon. They, too noticed some improvement in the health condition of a few of our former Maple Lake friends, who are now making their home at Hyland Crest.

Chatting with one of our busy Maple Lake residents, Mrs. Margaret Cook, today, I learned that her ambition has helped her to make 14 large quilts this past winter. "You just can't keep a good woman down!" Now, can you?

Solve the high cost of heating next winter with a wood burning furnace.
If you have firewood readily available you can substantially reduce the cost of heating and still enjoy modern home comfort with a thermostatically controlled CSA approved furnace.
Three models to choose from: dm DUO-MATIC Olsen

SERIES DWO
Burning wood or oil
• Efficient, quiet and trouble free operation
• Designed for maximum wood and oil burning efficiency
• Separate combustion chambers and thermostat controls
• CSA approved.

SERIES CWO
Burning wood, coal and oil • Special firebrick lining, cast iron grates • Efficient quiet trouble free operation • Separate combustion chambers and thermostats • CSA approved.

SERIES DWF
Wood burning forced air furnace • Designed for maximum wood burning efficiency
• Thermostat controlled
• CSA approved.

Coboconk News by Sheila Lake

The group "Hickory" will be at the Legion Hall on Saturday, April 15. The associates are sponsoring the dance and tickets are available at the Legion or phone Cathy Stewart at 454-1113 for more information.

This is Cancer month and I'm sure if you have not lost a loved one to this dread disease, you must have lost a friend or neighbour. My own father, and his brother and two sisters all died of cancer. So losing two aunts and an uncle and father I'm aware of what a person goes through when the disease "cancer" strikes. I hope you support this worthy cause and if you need information ask your canvasser for literature and learn about this illness. Only by research, backed up by yours and my support, will a cure be found for this dread killer. Wear a doffidol with pride! Welcome your canvasser!

Mr. and Mrs. Frank Spry and daughter spent the weekend with her parents, Mr. and Mrs. Harold Jackson of Kilbride.

The Farrows have received word of the passing of their sister-in-law, Mrs. Alvin Farrow at New Liskeard. Mr. and Mrs. Ben Farrow and Lorne Farrow are attending the funeral at New Liskeard on Monday.

Our sympathy to Lenora, Mrs. Ross Richmond whose step-father, Tom Douglas passed away at Cambray this week.

Charlie Weaver come home for the weekend on Friday but returns to Toronto Western Hospital on Sunday for surgery this week.

Hugh Dobson of Greenbank and Norm Perry of Port Perry were visitors of Mr. and Mrs. Ken Fralick last week.

Mrs. Ada Irwin, Mrs. J. Chase of Lindsay and Mrs. E. Guy of Fenelon Falls were visitors of Mr. and Mrs. R. Faulkner last week.

Howard Souter of Souters Variety store is home and progressing well after a short stay in hospital.

Don't try to enter the laundromat from the front. Use the side door. The mall is being renovated and a lot of changes being made so we will have to be patient until we see the end result. I'm sure the new operators have some pleasant surprises in store.

To those of you who had loved ones in the Lindsay nursing home now closed. I trust that visiting your loved ones is not more of a difficulty. To those who went to Bobcaygeon if you do not have a car, there is no bus to Bobcaygeon, so you have to depend on the generosity of someone with a car. And Peterborough is quite a distance. For instance, my elderly neighbour has a daughter who was in Lindsay Nursing Home, and is now moved. Isn't it a shame that the disabled must be moved about? Sure hope that something will be available in Lindsay soon. It sure is a necessity.

The Apostolic Ladies Missionery Fellowship met on Wednesday, Apr. 5. Audrey Downs prayed for a special prayer request.

Scripture Reading was by Sister Cameron from the Gospel of St. Luke ch. 11. Prayer requests were prayed for by Sister Ethel Farrow.

It was decided that money be sent in lieu of parcels twice a year to the Foreign Missionary and Canadian Home Worker.

Sister Myrtle Faulkner move that $25 be sent to cupboard and it was decided that Stephen go ahead with shelves for the storage room.

On April 23 the Bible School is visiting the church. A lunch at noon is being served and a full course meal being served at night.

Sister Cross showed the ladies a cushion given to her by our friends in Quebec, and also a handmade pin cushion.

The floor hockey team from Haliburton Highlands Senior elementary school recently travelled to Michigan to compete in an International Tournament. The members are, front row 1., Harold Rowbotham, Steve Dodd, Wade Woodward, Brian Morrison, Kelly Mitchell. Back Row 1., Ray Scott, Barry Boice, Andrew Bishop, Bernie Upton, Scott Rae, Terry Hobden, Shane Yateman, Scott Mitchell, Charles Teljeur and Dennis Baker.

Screen shot: The illness you'll never see coming. Get in shape — and don't give the enemy a big target.
Fitness is fun. Try some.

AFRAID YOUR GOING DEAF?

MINNEAPOLIS - A free offer of special interest to those who hear, but do not understand words has been announced by Dahlberg.

A non-operating model of the smallest Dahlberg aid of its kind will be given absolutely free to anyone answering this advertisement. Send for this free model now.

It is not a real hearing aid, but it will show you how tiny hearing help can be. The actual aid weighs less than one-half of an ounce and it's all at ear level in one unit. These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost and certainly no obligation. Hundreds have already been mailed.

So write to our area box, Dahlberg Electronics, Box 702, Lakefield, Ontario.

From the Chamber

BY BOB STINSON

The new book is here

Better late than never - our new 1978 Haliburton Highlands directory is finally here and ready for distribution - all 30,000 of them. Although the new book is considered to be a considerable improvement over it's predecessors, director Jim McLean is not satisfied that it can't still be much better. He has already started working on further improvements for next year's book.

A copy of the new book has been mailed to all who inquired at the Sportsman Show and lists of these inquiries have also been forwarded to all our members in the accommodation business. The next step will be to send all our members a copy of the new book with our upcoming newsletter. In the meantime anyone wishing a quantity of the directory to distribute to the public is invited to drop in or call us at the office - 286-1760.

The Haliburton Highlands Maps which we produced last summer will be produced again without charge within the next month. The impact of these two "Lure" pieces it is hoped will help build tourism in the Highlands in the near future.

Consulting service available

The Ministry of Industry & Tourism is again sponsoring a low cost management consulting service specifically for small businesses. Business Administration students from twelve Ontario Universities, supervised by faculty members will be retained from May through August to assist small businesses. Ministry Industrial Development Officers will be available to support this service if required.

Anyone interested in taking advantage or wishing more information on this low cost confidential service may contact the Ministry of Industry & Tourism, Suite 480, 5 Fairview Mall Drive, Willowdale, Ontario. M2J 2Z1.

Water levels

Indications so far this spring appear to show that the Trent Canal authorities have kept their promise to attempt to fill our reservoir lakes to near capacity during the run-off season. The Gull River through Minden has been at an extremely low level during the past two weeks while they hold back the water above it, but over the summer months it is hoped that this action will create more consistent levels than we have had in the past.

Election day is coming

The date for a Federal election is expected to be announced by the time this is published. With the economy being the slope it is this promises to be a hard fought campaign. Everyone has a stake in the issues and we have a duty to ourselves, and our families to become well versed on the issues and vote accordingly.

It is unfortunate that a democratic system tends to lose some of its democracy through party politics. It was suggested recently by a Federal Cabinet Minister that we could hardly expect to be granted D.R.E.E. benefits in Haliburton and Victoria since our M.P. was a member of the opposition party. Government assistance should be allocated on the basis of a need, not on who won the local election - and if that is not the case we have a serious break down in what we have been lead to believe is a democracy.

Think spring:

That's what our sign board reads at the Chamber office these days. Winter certainly doesn't want to let go this year. Sir Sam's Inn closed up shop last Saturday at the Ski Tows, but not for a lack of snow. The slopes were still in fairly good shape, but you just can't convince skiers of that in the middle of April. So "Think Spring" so we can at least get our local economy moving again.

Gems of Truth

from page 8

Saviour by whose stripes we would be healed, whose death would atone for sin for all who would receive Him as such. That word from Isaiah was vindicated at Calvary, and every event in the life of the Saviour from His Virgin Birth to His Crusifixion followed the pattern and prefigures set forth in the Prophet's record. Can Isaiah be any less accurate when he says tha the same Lord who suffered will also reign? Truly Isaiah said that government would be vested in Him, that He would sit on the throne of David. That promise came unchanged into the New Testament and still stands. If God fulfilled one prophecy He will do the same with the others. Isaiah 9.6, Luke 1.32-33. Recently a sound Bible teacher made this statement. "Those that spiritualize these truths say "spiritual lies" and have blinded eyes". How true that statement is!

The pattern of proclaining by the prophets and then fulfillment is consistent throughout, and it is thus that Zecariah wrote and foretold that One would be betrayed for thirty-pieces of silver and then proclaimed that One would return to stand on Mount of Olives and usher in a world reign with a display of power so invincible it would even cause the topography of Palestine to be changed. Zech. 11:12, 14:4. The angel Gabriel announced that His name should be Jesus, because He would save His people from their sins, and also proclaimed the fact that God would give to Him the throne of His father David, and of His Kingdom there would be no end. Partial conquest of the earth is the best that any earthly ruler has ever accomplished. But there "is coming" a Conqueror whose reign will be both globaland universal!

All this and much more is involved in the "Resurrection triumph", and Paul plainly says, "For if we believe that Jesus died and rose again, even so them also which sleep in Jesus will God bring with Him". 1 Thessalonians 4.14. It is then that we will need new bodies for the climax of it all is a new Heaven and a new earth where sin is forever eradicated and God's complete will done.

What a bright future there is in store for all born-again believers in Christ. His resurrection is the guarantee!

Wednesday bowling

Linda Morrison bowled a high triple of 800 with single scores of 309, 315.

Other high triples were Ev Stata 608 (252); Beaulah Cowen 657 (257, 214); Norma parish 623 (233, 227).

Single games over 200 were:

Gerry Pinch 202; Gord Bennett 244; Art Beatty 204, 204; Jack Henderson 217; Fran Woods 222; Flo Henderson 246; Fred Brittain 227, 207; Garnet Fagan 200; Bill Barber 210; Betty Wise 203, 210.

Team standings are:

Aces 36, Hit & Mrs. 36, Rebels 34, Snowflakes 33, Criers 26, Harry's Angels 24.

Spring thaw can be dangerous to people

With the advent of warmer weather, ponds and lakes, streams and creeks that have been the scene of winter fun for many children should now be considered high hazard areas, warns the Ontario Safety League.

Even normally slow-moving streams and rivers can swell to raging torrents in the spring. Frequently the dangers are well hidden. While ice may still cover the area, swift-running water below may have eaten away at the underside of a riverbank or the frozen snowy overhang, forming caves that will break away with even the slightest additional weight. What appears to be solid should not be trusted.

Ice presents a particular danger at this time of year. Weakened by fluctuating temperatures, the ice often becomes rotted from the warm sun and then re-frozen, its thickness is no longer an indication of safety. What may be a visible weak spot one day, can be hidden by a light snow the next day.

The League urges all parents to warn their children of these special dangers. Be extra safe. Stay away.

Norland

from page 10

Katharine Hockin from the United Church of Canada's Division of world outreach who spoke on "Decades in Mission".

Theme leader, Rev. Charles Kitney, former missionary in Trinidad chose as his topic "How do we love in our world?" He also presented the film strip "Guess who's coming to breakfast" with lively discussion groups following.

There are seven presbyteries in the Bay of Quinte conference and all were well represented at the annual meeting. Chalmers United is a large, beautiful, older downtown church and a lovely setting for such an inspiring, thought provoking event.

There was a lot of time involved in planning the billets, meals and interesting programs for the two days and the ladies are to be commended for their excellent efforts.

ladies Auxiliary of Firemen are planning a dance on Saturday, April 29 in Norland Community Hall. Margaret Graham and her westernaires will again supply the music. More details next week.

sir sandford fleming college

PROGRAM ORGANIZER for WOMEN'S PROGRAMS (HALIBURTON AREA)

The Program Organizer will be responsible for identifying and assessing women's Continuing Education needs, especially women's changing roles in society, and designing and implementing suitable courses and programs.

Duties will include public speaking, development of outreach programs, copy and report writing, hiring and supervision of instructors, and other marketing and administrative functions as assigned by the Co-ordinator of Women's Programs.

Training and/or related experience in adult education or program development is desirable, but not essential. The ability to organize people and ideas, relate positively to women of diverse backgrounds and education, and to work creatively and independently is essential.

This is a part-time position, (approximately 160 hours over a 10 month year), with some evening work required.

Please send your resume by April 21, 1978 to:
Principal, Adult Education,
Sir Sandford Fleming College,
526 McDonnel Street,
PETERBOROUGH, Ontario K9J 7B1
(This position is open equally to men and women)

AND MINDEN RECORDER

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE COPRORATION OF THE UNITED TOWNSHIPS OF "DYSART ET AL" FOR STOPPING UP, CLOSING AND CONVEYING PART OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN CONCESSIONS 12 AND 13, ACROSS LOT 1, IN THE TOWNSHIP OF HAVELOCK, SHOWN AS PART 1 ON REFERENCE PLAN 19R-1590, FOR THE PROVISIONAL COUNTY OF HALIBURTON AND EXCHANGE THE SAME FOR PART OF LOT 1, CONCESSION 12, IN THE TOWNSHIP OF HAVELOCK, DESIGNATED AS PART 2 ON REFERENCE PLAN 19R-1590 AND PART OF LOT 2, CONCESSION 12, IN THE TOWNSHIP OF HAVELOCK, DESIGNATED AS PART 1 ACCORDING TO PLAN 19R-1558 FOR THE PROVISIONAL COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 284, Section 443 of The Municipal Act, that the Township Council of The Municipality of the Townships of "Dysart et al" proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on the 8th day of May 1978 a by-law to:

To stop up and close the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate lying and being all that part of the original allowance for road between Concessions 12 and 13 across Lot 1 in the Township of Havelock, in the Provisional County of Haliburton, designated as Part 1 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton as Plan 19R-1590

and after the same has been stopped up and closed, to convey the same to Alfred Baum, Bruce Bruhm, Erhard Oettell and John R. Petrenchik, in exchange for the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate lying and being all that part of Lot 1, Concession 12 in the Township of Havelock, Provisional County of Haliburton, designated as Part 2 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton as Plan 19R-1590 and all that part of Lot 2, Concession 12 in the Township of Havelock, Provisional County of Haliburton, designated as Part 1 on a Plan of Survey deposited in the said Registry Office as Plan 19R-1558.

AND TAKE FURTHER NOTICE that before passing the said by-law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of the United Townships of "Dysart et al" shall then and there hear in person, or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said by-law and who applied to be heard.

DATED at HALIBURTON, Ontario this 20th day of March 1978.

WAYNE B. WOOD,
Clerk-Treasurer

NOTICE

Under the Forest Fires Prevention Act.

The period from April 1 to October 31 in each year shall be a fire season. Fire permits are required in a fire district

- for all outdoor burning except cooking or obtaining warmth
- to ignite fireworks within 1000 feet of a forest or woodland.

A work permit is required to conduct any operation which is liable to cause an accumulation of slash or debris within 1000 feet of a forest or woodland.

No person shall smoke while walking or working in a forest or woodland.

Fire permits may be obtained from local Ministry offices or township fire wardens.

Ministry of Natural Resources

Hon. Frank S. Miller
Minister

Dr. J.K. Reynolds
Deputy Minister

THE PROVISIONAL COUNTY OF HALIBURTON

HAWK LAKE ROAD
(County Road No. 13)

DEEP BAY ROAD
(County Road No. 2D)

The Council of the Provisional County of Haliburton Proposes to Pass a By-law Authorizing:

1. The construction of a by-pass road around the existing Hawk Lake Road (County Road No. 13) in the Township of Stanhope, from Queen's Hwy. No 35, to Lot 15, Con. 9, Township of Stanhope, to a basic width of 100 feet with additional widening at cuts, fills and intersections; the clearing, grubbing, fencing, grading, gravelling, and paving thereof to provide a basic two lane roadway with additional turning lanes at intersections, together with the construction of all culverts, drainage works and all related works and undertakings and the acquisition of the necessary lands and interests in lands.

2. The construction of a by-pass road around the existing Deep Bay Road (County Road No. 2D) from the Bobcaygeon Road to Lot 4, and 5, Con. 1, Anson Township to a basic width of 100 feet with additional widenings at cuts, fills and intersections; the clearing, grubbing, fencing, grading, gravelling and paving thereof to provide a basic two lane roadway with additional turning lanes at intersections, together with the construction of all culverts, drainage works and all related works and undertakings and the acquisition of the necessary lands and interests in lands.

The Road Committee of the Provisional County of Haliburton will hold a meeting at 1:30 p.m. on the 24th day of April, 1978 in the County offices, Newcastle St., Minden, Ontario, at which time they will hear in person or his counsel, solicitor or agent, any person who claims that his lands will be prejudicially affected by the by-law and who applies to be heard.

Information with regard to the above proposed work may be obtained at the office of the County Engineer. (telephone 286-1762).

DATED at Minden Township this 24th day of March, 1978.

S.G. Nesbitt,
Chairman

W.E. Obee, P. Eng.,
County Engineer

All Diabetics and Friends Welcome

THANK YOU

My heartfelt thanks to all my friends, neighbours and relatives who helped so much in my time of sorrow with their floral tributes, donations to the Canadian Cancer Society, cards, visits, attendance and phone calls. I just know Norm was with us every moment and loving all of you.
My special thanks to Mr. Gordon Monk, Funeral Director, for being so helpful and to Mr. Lloyd Johnson for his comforting service.
And to Loralea Lodge, thank you for a lovely luncheon.
Bless you all,
Helen Ackerman

I wish to extend my sincere thanks to my family, relatives, and friends. The Lochlin U.C.W. and Highland Chapter No. 230 order of Eastern Star for their cards, gifts, flowers and friendly visits during my stay in Minden Red Cross hospital.
My thanks to Dr. Lodenqual, nurses and staff for their kindness and care.
Annie I. Minaker

IN MEMORIAM

SMITH, Clifford, In loving memory of a dear father who passed away April 13, 1977.

God alone knows how we miss you,
In a home that's lonesome today.
Loved with a love beyond any telling,
So many moments in each day,
You'll be remembered in every way.
A Smile, a laugh or some remark,
You'll be remembered in our hearts.

Always loved and sadly missed by all the family.

SMITH, Clifford, In loving memory of a dear grandfather, who passed away April 13, 1977.

We hated to see you go,
Because we loved you so.
We miss those little chats,
Now you've gone to rest,
Oh gramps you were the very best.

Lovingly remembered by all the grandchildren.

Report from Queens Park

from page 5

alleviate any sharp changes arising through the new premium levels". His remarks were in the context of people at what's known as the "notch" - those whose incomes are just high enough to disqualify them from Government premium subsidies and who therefore must pay the full premiums themselves.

Dr. Smith said the Health Minister has done his best to defend his Ministry which is being unfairly treated by the Treasurer . . . The Health Minister "is simply the fall guy".

The interim report of Judge Patrick Hartt's Royal Commission on the Northern Environment has been tabled in the Legislature. The report called for the creation of a task force of Northerners to deal with the issues which welled up in three months of commission hearings in the North and a federal-provincial-Indian committee to settle the Indians' treaty and resource claims. Tabling the report, the Premier called it "a constructive outline for future consultation." He endorsed the suggestion of a tripartite committee, but refused to commit himself further until Judge Hartt gives him "detailed proposals on the creation, structure and function of the committee." He was even less committal on the suggested task force of Northerners, because there are already the year-old Ministry of Northern Affairs and 15 Northern MPPs "who represent the interests of Northern communities and their citizens."

Extendicare

from page 8

than union rates. Thus in Canada we have at least 15 million attitudes that mixed together give us the status we are in despite the overall government mismanagement that makes it still worse. No one seems to know the answers Canada needs now.

We learn that one of out residents, Mrs. Edna Levely, has returned home. We congratulate her and wish her well. She will know what life in a nursing home is like. It seems that in Extendicare/ Haliburton we are fortunate in that by repute it is second to none in Ontario.

Rev. Don Nicholson of Haliburton United Church was our spiritual leader for our Friday morning devotional period. The theme was that it is well for us to pray often as otherwise we may tend to get out of the habit of praying, like a pump that is not used often enough may need to be primed when we do need water. Our social gathering after the service over coffee or tea and fruit cookies is a chance for us to meet the minister and sort of learn his views on every day matters. We enjoy it.

This Spring we are undertaking to grow from seed some mignonette and some heliotrope. Both are highly scented bloom and if we are successful the fact that we have such flowers will be quite noticeable. Sometimes with such flowers, although the majority may enjoy them, we may find some do not, in which case we will get rid of them.

Couple wed

from page 8

velvet accessories, and carrid a trio of orange delight roses with hair pieces to complement their bouquets. The flower girl was Kelly Dearness, sister of the bride, who wore a yellow jersey gown with white lace trim, and carried a gathering basket of arguerite daisies.

The best man was Jim LeCraw, of Norland. The ushers were Geordie Guile, Paul Ariss and Paul Begley.

For the reception held at the Mackenzie House in Kirkfield, the bride's mother received, wearing a pearl beige tricot gown, and a corsage of yellow roses and mini carnations. The bridegroom's mother assisted, wearing a stone-taupe gown of polyester crepe, and a corsage of orange and yellow mini carnations and roses.

Out of town guests were present from North West Territories, Kapuskasing, Alberta, Kirkland Lake, Huntsville, Hamilton, Toronto, Claremont, Cobocon k, Norland, London and Head Lake.

Following a honeymoon to Niagara Falls, Ont. the bride and groom now reside in London, Ontario.
